**RE: Advice No. 22-20, IBEW Local 125 Labor Rate Update**

Portland General Electric Company (PGE) submits this filing pursuant to Oregon Revised Statutes 757.205 and 757.210, and Oregon Administrative Rules 860-022-0025 and 860-022-0030, for filing proposed tariff sheets associated with Tariff P.U.C. No. 18, with a requested effective date of **November 2, 2022**:

Twentieth Revision of Sheet No. 91-8  
Seventh Revision of Sheet No. 95-7  
Twenty Third Revision of Sheet No. 300-1  
Sixteenth Revision of Sheet No. 491-8  
Seventh Revision of Sheet No. 495-7  
Twenty Sixth Revision of Sheet No. 591-7  
Tenth Revision of Sheet No. 595-5

Annually, the Labor Rates are adjusted per the Collective Bargaining Agreement with IBEW, Local 125. As a result of the most recent Union Agreement the Labor Rate update, a \$2 increase per hour to the Straight Time Labor Rate and the Overtime Labor Rate is a \$6 increase per hour for crews to replace non-repairable luminaires not owned by the Company.

The Labor Rate under Schedules 91, 95, 491, 495, 591 and 595, applies to municipalities, and state and federal agencies who have PGE replace non-repairable luminaires non owned by PGE. As a result, the Labor Rate is an increase per hour from \$124 to \$126 for Straight Time Labor and an increase to the Overtime Labor Rate from \$155 to \$161. The overall Labor Rate increased due to revisions of allocation of Payroll loading and Distribution Operation Services Engineering (DOSE) overhead. DOSE overhead was previously included within "Payroll loading," but PGE broke it out because not all labor requires the services included in DOSE. It represents back office engineering and support for line crews and is not applicable to the streetlighting replacements.

In addition, this filing also updates the “Other than Scheduled Crew Hours” billing rate for trouble calls in Schedule 300. The rate is now \$260, a decrease of \$10, per the Collective Bargaining Agreement as DOSE is applicable.

To satisfy the requirements of Oregon Administrative Rules (OAR) 860-022-0025 and 860-022-0030, PGE provides the following responses:

PGE has approximately 200 Customers on the above listed streetlighting Schedules. The revenue from this change depends on the number of replacements each year and the number of trouble calls that require after-hours crews.

A work paper supporting the labor rates in the tariff schedules is attached.
