**RE: Advice No. 23-27, Schedule 102 Regional Power Act Exchange Credit**

Portland General Electric Company (PGE) submits this filing pursuant to Oregon Revised Statutes (ORS) 757.205 and 757.210, and Oregon Administrative Rule (OAR) 860-022-0025 for filing a proposed tariff sheet associated with Tariff P.U.C. No. 18, with a requested effective date of **January 1, 2024**:

Fifteenth Revision of Sheet No. 102-1

The purpose of this filing is to pass through to eligible customers the monetary benefits received from the Bonneville Power Administration (BPA) under the Residential Exchange Program consistent with the provisions of the Residential Exchange Program Settlement Implementation Agreement (REPSIA) Contract No. 11PB-12467. The Commission authorized PGE to execute the REPSIA in Order No. 11-114.

BPA's Final Record of Decision in BP-24, Power and Transmission Rate Proceeding dated July 2023 specifies an annual exchange amount of approximately \$62.1 million in monetary benefits. This represents an approximately \$1 million decrease compared to monetary benefits currently provided through Schedule 102. PGE proposes to amortize the \$8.4 million projected year end 2023 balance. The BPA balancing account is projected to be fully amortized by December 2024. Additionally, Oregon Public Utility Commission Order No. 23-386 adopts a 2,000 kWh per month cap for residential customers which has been implemented in this filing.

To satisfy the requirements of OAR 860-022-0025(2), PGE provides the following responses:

As a result of this proposed price change, customers will see a net decrease of \$237K. This represents a higher credit to customers relative to the credit contained in current prices. A typical Schedule 7 Residential Customer consuming 795 kWh monthly will see a bill decrease of approximately \$0.03 or 0.02%.

Enclosed are the work papers detailing the Schedule 102 rate development and the balancing account detail along with the detailed bill comparisons.

**SCHEDULE 102  
REGIONAL POWER ACT EXCHANGE\* CREDIT**

**PURPOSE**

Each Customer's bill rendered under schedules providing Residential Service, Farm Service and Nonresidential Farm Irrigation and Drainage Pumping Service will include the Regional Power Act Exchange Credit applied to each kWh sold when the Customer qualifies for the adjustment according to the definitions and limitations set forth in this schedule. Where Customers are served by Electricity Service Suppliers (ESSs), the ESS will agree to pass through the credit to the Customer.

**AVAILABLE**

In all territory served by the Company.

**APPLICABLE**

To all bills for Direct Access Service, Emergency Default Service, Standard Service and Residential Service where the Customer meets the definition of Residential Service, Farm Service or Farm Irrigation and Drainage Pumping Service as specified in this schedule. Consistent with the requirements of the Bonneville Power Administration (BPA), if, in the course of doing business, a utility discovers that one of its existing Customers is growing Cannabis using power provided by the utility, such customer is not eligible for the Regional Power Act Exchange Credit under this Schedule.

**REGIONAL POWER ACT EXCHANGE CREDIT**

The credit will be the value of power and other benefits inclusive provided in accordance with the terms of the Settlement Agreement between the Company and the BPA.

The credit inclusive of interest is:

Schedule 7
