Advice Letter No. 10

Ms. Joan Grindeland
Oregon Public Utility Commission
3930 Fairview Industrial Drive SE
Salem, Oregon 97308

RE: Colton Telephone Company Tariff P.U.C. Or. No. 5, Advice Letter 10 – Access Service

Dear Ms. Grindeland:

Please find the following revisions to Colton Telephone Company’s Tariff P.U.C. Or. No. 5, Access Service.

<u>Revised Tariff Sheets</u>	<u>Total Number of Sheets</u>
8th Revised Sheet Nos. 1, 4, 5, 6	4

This filing is made in compliance with the Federal Communication Commission’s (FCC) Order 20-143; Part 51 – Interconnection; Subpart M – 8YY Transition; §51.909 Transition of rate-of-return carrier access charges; Step 2. The FCC Order establishes separate rate elements for interstate and intrastate toll free originating end office access service and non-toll free originating end office access service. Intrastate toll free originating end office access service rates shall be in parity with its interstate toll free originating end office access service rates. Currently Colton’s intrastate originating access service rates are greater than interstate rates. Therefore, in this filing we propose rate reductions to bring the composite rate levels into parity.

The FCC Order further establishes a three step glidepath reduction to a uniform, national wide toll free database query rate. Step one requires all toll free database query rates be no higher than \$0.004248. Colton’s current toll free database rates exceed that limit and propose reductions to the required rate level.

Other than noted above, this filing will not increase any rate or charge, cause the withdrawal of service, or conflict with other schedules.

It is requested that this filing become effective July 1, 2021.
