RE: Tariff Advice No. 23-08
Modification to Schedule 62 – Green Energy Purchase Program Rider (Optional)

Attention Filing Center:

Pursuant to Oregon Revised Statute § 757.205, Idaho Power Company (“Idaho Power” or “Company”) hereby submits proposed edits to the program name associated with the Company’s Schedule 62 optional program rider.

Idaho Power has rebranded its clean energy offerings from “Green Power” to “Clean Energy Your Way.” More specifically, the Company’s Renewable Energy Certificate (“REC”) purchase offering is now called Clean Energy Your Way – Flexible. As a result, the Company requests to change the name of the Schedule 62 REC offering from “Green Energy Purchase Program Rider (Optional)” to “Clean Energy Your Way – Flexible Program Rider (Optional).” No aspect of the customer program will change except the program name.

Because the Company is not requesting any programmatic or schedule changes beyond the program name, Idaho Power respectfully requests the Commission approve Schedule 62, effective October 9, 2023.

Please contact me at (208)388-2872 or awilliams@idahopower.com with any questions.

Sincerely,

Alison Williams

SCHEDULE 62
CLEAN ENERGY YOUR WAY - FLEXIBLE
PROGRAM RIDER
(OPTIONAL)

(C)

PURPOSE

The Clean Energy Your Way – Flexible offering is an optional, voluntary program designed to provide Customers and non-customer participants an opportunity to participate in the purchase of new environmentally friendly “green” energy. (C)

APPLICABILITY

Service under this schedule is applicable to all Customers and non-customer participants who choose to participate in this Program.

RENEWABLE ENERGY

For the purpose of this schedule, renewable energy will be in the form of Renewable Energy Certificates from new renewable projects as defined by the Center for Resource Solutions Green-e Energy standard. Renewable energy will be sourced from projects located in the Western Electricity Coordinating Council’s geographic area of authority with preference given to projects located in Idaho Power’s service area and the northwest. Renewable energy types will be primarily wind but may include other certified types such as solar, geothermal, low-impact hydroelectric, landfill gas, and biomass.

PURCHASE

Customer participants will designate one of two billing options upon enrollment. Non-customer participants may participate under Option 1.

Option 1: Block

Block Size: One Block equals 100 kWh of renewable energy
Charge Per Block: \$1.00 per month

Option 2: Total Usage

Customers may purchase renewable energy equal to their monthly usage each month at a price premium of 1.0 cent per billed kWh.

MONTHLY BILL

For a Customer who chooses Option 1, the monthly bill shall be the number of blocks the Customer has agreed to purchase multiplied by the Charge Per Block. For a Customer who chooses Option 2, the monthly bill shall be the Customer’s usage, times the price premium per kWh. The monthly bill is in addition to all other charges contained in the Customer’s applicable tariff schedule. A non-customer participant who chooses Option 1, will be issued a monthly invoice that reflects their designated fixed dollar per month amount.

PROGRAM ADMINISTRATION

No funds collected from the Program Rider may be used for program administration (program management). A portion of the funds may be used to support program communications, participant outreach, and marketing.

SCHEDULE 62
CLEAN ENERGY YOUR WAY - FLEXIBLE
PROGRAM RIDER
(OPTIONAL)
(Continued)

(C)

SPECIAL TERMS AND CONDITIONS

Program participants may apply for, or terminate participation from, the Program anytime during the year. The Company may limit availability of the Program subject to available renewable power at the cost incurred under the terms described above.

No electric service disconnections will result in the event of non-payment of Program commitments.
