Re: Frontier Communications Northwest, LLC Tariff Filing – initial tariffs

Dear Filing Center:

Frontier Communications Northwest, LLC d/b/a ZiPLY Fiber, hereby submits the attached price lists and tariffs (collectively, the “Tariffs”) to the Oregon Public Utilities Commission.

The Commission approved transfer of control of Frontier Communications Northwest, LLC (“FCN Oregon”) to Northwest Fiber, LLC (“Northwest Fiber”) in Docket UM 2028. Accordingly, Northwest Fiber requests that the Commission accept these Tariffs for filing with an effective date of August 28, 2020.

These new Tariffs reflect the material terms and conditions of the current Tariffs and Price Lists of FCN Oregon. In preparing the Tariffs, Northwest Fiber has refrained from making substantive changes to rates, terms and conditions of existing services. The changes in the Tariffs primarily reflect new contact information, new names for certain services, the entities providing services and the post-closing ownership of FCN Oregon. For example, the Tariffs reflect that, FCN Oregon’s parent company is Northwest Fiber, LLC d/b/a ZiPLY Fiber, rather than Frontier Communications Corporation. The Tariffs remove certain obsolete references, eliminated unused pages, make minor corrections to the text, and include other clean-up edits. To aid the Commission and Staff in their review, we have separately provided redline versions of the revisions.

Should you have any questions or concerns, please do not hesitate to contact me.

Sincerely,

A handwritten signature in black ink, appearing to read 'JEpley', written over a light blue horizontal line.

1. APPLICATION OF STATEMENT OF RATES

This statement of rates may contain rates for (and/or reference) services, facilities, arrangements and the like that Zply Fiber does not have an obligation to provide under 47 U.S.C. § 251(c)(3). Notwithstanding any such rates (and/or references) and, for the avoidance of any doubt, nothing in this statement of rates shall be deemed to require Zply Fiber to provide a service, facility, arrangement or the like that Zply Fiber is not required to provide under 47 U.S.C. § 251(c)(3), or to provide a service, facility, arrangement or the like upon rates, terms or conditions other than those that are required pursuant to 47 U.S.C. § 251(c)(3). By way of example and without limitation of the foregoing, Zply Fiber is not required to provide unbundled access to certain high-capacity loop and transport facilities out of wire centers that meet the applicable non-impairment criteria set forth in the regulations promulgated by the FCC pursuant to WC Docket No. 04-313, Order on Remand, FCC 04-290.
