Transmittal No. 2017-003-PL

Oregon Public Utility Commission  
201 High St. SE  
Salem, OR 97301-3612

Attention: Joan Grindeland, Tariff Coordinator

Dear Commissioners:

Pursuant to Qwest's Price Plan under ORS 759.255 and in Compliance with Docket UM 1354, Qwest Corporation d/b/a CenturyLink QC is filing changes to its Private Line Transport Services Price List – Fifth Edition. The changes proposed in this filing will remove Uniform Service Order Codes (USOCs), Field Identifier Codes (FIDs) and Class of service Codes from the price list. These codes are being removed as part of the consolidation and alignment of CenturyLink's billing system. No rates, terms or conditions will be impacted by the removal of these codes.

CenturyLink is also revising terms associated with cancellation of customer orders contained in this Price List. Current language is not clear as to what happens to the customer's order when the customer fails to respond to company inquiries within 30 days after the original service date. Company processes differ by legacy company on when billing begins and when the orders should be cancelled and there is a strong desire to have standard company processes. Accordingly, Service date Change Language is being revised to a standardized format and language surrounding the number of days the existing service orders can be delayed is being set at 60 days. The sheets being replaced are listed on Attachment A.

Qwest Corporation d/b/a CenturyLink QC plans to make this filing effective on May 6, 2017.

Yours very truly,

A handwritten signature in blue ink that reads "Mark Brinton".

**1.4.3 RATE TABLES**

Within rate tables, four types of entries are allowed:

- Rate Amount

The rate amount indicates the dollar value associated with the service.

- A dash "-"

The dash indicates that there is no rate for the service or that a rate amount is not applicable under the specific column header.

- A footnote designator "[1]"

The footnote designator indicates that further information is contained in a footnote.

- ICB

The acronym "ICB" indicates that the product/service is rated on an individual case basis.

(D)  
—  
(D)

First Come, First Served

Denotes a procedure followed when the first order received will be the first order processed.

Frequency Shift

Denotes the change in the frequency of a tone as it is transmitted over a channel.

Grandfathered

Denotes certain services offered in other sections of this Price List that are provided to existing customers only and not provided to new customers or to existing customers who move from one premises to another.

Half Duplex

Denotes service which provides for transmission in both directions, but in only one direction at a time.

Host Office

Denotes an electronic switching system which provides call processing capabilities for one or more Remote Switching Modules or Remote Switching Systems.

### 2. GENERAL REGULATIONS

#### 2.6 DEFINITIONS (Cont'd)

##### Trunk

Denotes a communications path common to numerous users.

##### Trunk Group

Denotes a set of trunks which function as a unit for the establishment of connections between switching systems in which all of the communications paths are identical.

(D)

(D)

##### V and H Coordinates Method

Denotes a method of computing airline miles between two points by utilizing an established formula using the vertical and horizontal coordinates of the two points.

##### Wire Center

Denotes a building in which one or more central offices, used for the provision of Telephone Services, are located.

#### 2.7 NATURAL DISASTER RELIEF FOR CUSTOMERS

In situations where customers' telecommunications services are interrupted by natural disasters, the Company may offer alternative telecommunications services to customers in the immediate affected area, and waive otherwise applicable charges for those services. The availability and details of the offers, including, but not limited to, the maximum duration of the offer or waiver of any applicable charges, will be determined by the Company in each instance of natural disaster.

### 3. RATE REGULATIONS AND CONDITIONS

#### 3.2 TYPES OF RATES AND CHARGES

##### 3.2.2 NONRECURRING CHARGES

###### H. Service Rearrangements (Cont'd)

- If the change involves changing jurisdiction from interstate to intrastate on End-Link or Mid-Link services, all nonrecurring charges will apply. This change will be treated as a discontinuance of the existing service and the installation of a new service.
- For all other changes, including the addition of Optional Features and Functions without separate nonrecurring charges, a charge equal to the Channel Performance nonrecurring charge associated with the facility, or the Network Access Channel nonrecurring charge for DS1, will apply.

If the change involves reterminating an existing Voice Grade Service, Digital Data Service or Simultaneous Voice Data Service Network Access Channel onto a spare channel of a higher capacity service, only the Rollover nonrecurring charge, as specified in 3.2.2.M., following, will apply.

###### I. Billable Administrative Changes

Some administrative changes are billable items to the customer. A Billable Administrative Charge will apply to the following, when requested by the customer.

- Change of customer circuit identification (circuit reference)
- Change of bill account number
- Supersedure. When a customer wishes to assume responsibility for a service which is already installed for another customer without any changes in the service, provided they meet the criteria established for a new customer.

A Billable Administrative Charge applies per service order.

### 4. ORDER MODIFICATIONS AND MISCELLANEOUS CHARGES

#### 4.1 GENERAL

The customer may request a modification of an order at any time prior to notification by the Company that service is available for the customer's use. The Company will make every effort to accommodate a requested modification when it is able to do so with the normal work force assigned to complete such an order within the normal business hours of 8 a.m. to 5 p.m.

If the modification cannot be made with the normal work force during normal business hours, the Company will notify the customer. If the customer still desires the order modification, the Company will schedule a new service date. Refer to the Service Interval Guide which is in accordance with Company procedures. All charges for order modifications will apply on a per-occurrence basis.

These order modifications apply to services requiring a circuit provisioning design.

The types of order modifications available are delineated in the following paragraphs.

##### 4.1.1 SERVICE DATE CHANGE

Service dates for the installation of new services or rearrangements of existing services may be changed, but the new service date may not exceed the original service date by more than 60 calendar days.

(C)

When for any reason, the customer wishes to change the service date, the customer should notify the Company before the original service date, to request a different service date.

#### 4. ORDER MODIFICATIONS AND MISCELLANEOUS CHARGES

##### 4.1 GENERAL

##### 4.1.1 SERVICE DATE CHANGE (Cont'd)

If the customer requested service date is more than 60 calendar days after the original service date, the order will be cancelled by the Company and reissued with the appropriate cancellation charges applied, unless the customer indicates that billing for the service is to commence as specified in 4.1.3, following. Failure to notify the Company prior to the original service date to request a different service date may result in the application of a Dispatch Charge as set forth in 4.1.17, following. (C)

A new service date may be established that is prior to the original service date if the Company determines it can accommodate the customer's request without delaying service dates for orders of other customers. (C)

If the service is changed to an earlier date, the customer will be notified by the Company that an Expedited Order Charge will apply.

**4. ORDER MODIFICATIONS AND MISCELLANEOUS CHARGES**

**4.1 GENERAL (Cont'd)**

**4.1.2 DESIGN CHANGE**

The customer may request a design change to the service ordered. A design change is any change to an order which requires engineering review. An engineering review is a review by Company personnel of the service ordered and the requested changes to determine what change in the design, if any, is necessary to meet the changes requested by the customer. Design changes include such things as the addition or deletion of Optional Features or Functions or a change in the type of channel interface, or technical specification package. Design changes do not include a change of customer premises, or Private Line Transport type. Changes of this nature will require the issuance of a new order and the cancellation of the original order with appropriate cancellation charges applied.

The Design Change Charge will apply on a per order per occurrence basis for each order. If a change of service date is required, the Dispatch Charge as set forth in 4.1.1, preceding, may also apply.

**4. ORDER MODIFICATIONS AND MISCELLANEOUS CHARGES**

**4.1 GENERAL (Cont'd)**

**4.1.3 CANCELLATION OF APPLICATION FOR SERVICE**

A. A customer may cancel an order for the installation of service at any time prior to notification by the Company that service is available for the customer's use. The cancellation date is the date the Company receives written or verbal notice from the customer that the order is to be canceled. The verbal notice must be followed by written confirmation within ten (10) days. If a customer or a customer's end user is unable to accept service within 30 calendar days after the latest agreed upon service date, the following will occur:

(C)

- The order shall be canceled and charges as set forth in B., following, will apply if the service has not been fully provisioned, or
- The Access Order will be completed and billing for the service will commence if the service has been fully provisioned or the customer has indicated that billing for the service should begin.

(C)

(C)

(C)

(D)

(D)

B. Certain Critical Dates as specified in C., following, are used by the Company to monitor the service order provisioning process. Cancellation charges are based on the estimated costs incurred by the Company at the time the order is canceled. The Company monitors which Critical Date was last scheduled and determines what percentage of the Company's provisioning costs have been incurred as of that Critical Date. A list of Critical Dates and the number of days between each date is found in the Service Interval Guide.

Costs incurred in conjunction with the provision of Private Line Transport Service start on the Application Date as defined in C., following. When a customer cancels an order prior to the Application Date, no charges shall apply. When a customer cancels an order on or after the Application Date, a charge equal to the estimated costs incurred by the Company shall apply. Such charge is determined as specified in D. and E., following. When a customer cancels an order or part of an order, on or after the original Service Date, the Cancellation Charge will apply as set forth in D., and E., following.

**4.1 GENERAL (Cont'd)**

**4.1.4 EXPEDITE**

- A. If a customer desires that service be provided on an earlier date than that which has been established for the order, the customer may request that service be provided on an expedited basis. If the Company agrees to provide the service on an expedited basis, an Expedite Charge will apply. The customer will be notified of the Expedite Charge prior to the order being issued.
- B. If the Company is subsequently unable to meet an agreed upon expedited service date, no Expedite Charge will apply unless the missed service date was caused by the customer.
- C. The Expedited Order Charge will be applied when the customer requests a service date that is prior to the standard interval service date as set for in the Qwest Corporation Service Interval Guide (SIG) on an order or when a customer requests an earlier service date on a pending standard or negotiated interval order.

The Expedited Order Charge, as set forth below, will apply on a per order basis for each day the service date is advanced.

	<b>NONRECURRING CHARGE</b>	(T)
• Per day advanced	\$200.00	(T)

The Expedited Order Charges will be billed in addition to other applicable nonrecurring charges.

- D. If costs other than additional labor are to be incurred when an order is expedited, the Company will develop, determine and bill the customer such costs in accordance with the Special Construction terms and conditions as set forth in 4.1.6, following.

**4.1.17 DISPATCH CHARGE**

The Company assesses Dispatch Charges when a technician(s) is dispatched. The charge applies in the following situations:

**A. Service Date Change**

One Dispatch Charge applies to all Private Line Transport Services contained in this Price List. The charge applies if, for any reason, the customer requests a service date change but fails to notify the Company before the service date and a Company technician is dispatched to the customer's premises on the service date.

The Company accordingly will delay the start of service, change the service date and assess a Dispatch Charge. The charge will apply each time this situation occurs.

**B. Maintenance of Service**

One Dispatch Charge applies when one or more technicians are dispatched for Maintenance of Service and no trouble is found in the Company's facilities. If, after the initial repair visit, a repair ticket is still open and a technician(s) is dispatched again, another Dispatch Charge applies. The additional Dispatch Charge only applies if trouble is still not found in Company's facilities. Maintenance of Service charges apply for each technician.

#### 4. ORDER MODIFICATIONS AND MISCELLANEOUS CHARGES

#### 4.4 FACILITIES PROTECTION-SPECIAL FACILITIES ROUTING (Cont'd)

#### 4.4.3 RATES AND CHARGES

The rates and charges for Loop and Interoffice Diversity, and Avoidance, are specified following. Customers with 100 terminations or more at a single location may request Diversity and/or Avoidance under an Alternate Pricing Arrangement.

For Private Line Transport or Exchange Access services, monthly rates and nonrecurring charges for Loop and Interoffice Diversity apply on a per termination or per circuit basis. For LAN Switching Service (LSS) and Metro Optical Ethernet (MOE), monthly rates and nonrecurring charges for Loop Diversity apply per Access Link optioned with protection.

Monthly rates and nonrecurring charges for Avoidance apply on a per service basis.

The rates and charges specified are in addition to the rates and charges for the services using Diversity and Avoidance.

DESCRIPTION	NONRECURRING CHARGE[1]	MONTHLY RATE	(T)
• Loop Diversity, per point of termination or LSS per LAN Link Termination with Protection or MOE Bandwidth Profile			
- Primary Route	\$50.00	\$12.00	(T)
- Secondary Route	50.00	12.00	(T)

[1] Only one nonrecurring charge applies, per circuit or service, when more than one option is ordered for the same service, at the same time.

**4.5 POWER PROTECTION FOR HIGH VOLTAGE ENVIRONMENTS**

**G. Rates and Charges (Cont'd)**

- 2. In lieu of the nonrecurring charges and the monthly rates specified in 1., preceding, the customer may elect to pay an upfront, nonrecurring charge for high voltage protection service to be provided by the Company for a period of up to five years. This nonrecurring charge will be determined on an individual case basis (ICB), with payment terms and conditions specified in a service agreement between the Company and the customer. At the end of the service period, a new service agreement may be negotiated for the continued maintenance of the high voltage protection service, or the service may be continued on a month-to-month basis.

	<b>NONRECURRING CHARGE[1]</b>	<b>(T)</b>
• Type 1 Class B Service		
- Two-wire	ICB	(T)
- Four-wire-Metallic[2]	ICB	
- Four-wire-non-metallic	ICB	(T)
• Type 2 Class B Service

**4.6 COMMAND A LINK - NETWORK RECONFIGURATION SERVICE**

**B. Service Elements (Cont'd)**

**2. Network Controller**

This element communicates customer commands to the DCS. Through these commands, customers are able to establish and rearrange the cross-connections between their circuit terminations.

**3. Access Options**

**a. Web Based Access**

Web Based Access is a URL interface which provides access to the Graphical User Interface (GUI). This website allows customers to view their circuits and to reconfigure their services.

**b. Attendant Access**

With this option, the customer calls a Company attendant who follows customer instructions to reconfigure the customer's Command A Link circuits. Attendant Access is only available during normal business hours (8:00 a.m. - 5:00 p.m., Monday through Friday). Customers requesting Attendant Access, outside of normal business hours, will be liable for Additional Labor Charges as specified in 4.1.13.B., preceding, in addition to the Attendant Access nonrecurring charge.

### 5. SERVICES

#### 5.2 SERVICE DESCRIPTIONS

##### 5.2.7 DS1 SERVICE

###### G. Rate Conditions

###### 2. Nonrecurring Charges

###### d. Service Rearrangements (Cont'd)

- If the change involves reterminating an existing DS1 Channel Termination onto a spare channel of a higher capacity service, the Rollover nonrecurring charge, as specified in 3.2.2.M., preceding, will apply.
- If the change involves changing Frame Format or Line Code, (e.g., AMI to B8ZS line code, SuperFrame to ANSI Extended Superframe, or any frame format to Free-Frame, or vice versa), or if the customer wishes to add Clear Channel Capability to an existing DS1 Service, a Service Rearrangement nonrecurring charge will apply.

#### NONRECURRING CHARGE

(T)

Service Rearrangement, per  
Channel Termination

\$140.00

(T)

- For all other changes, including the addition of optional features without separate nonrecurring charges (except for Clear Channel Capability), a charge equal to a Channel Termination nonrecurring charge will apply. Only one such charge will apply per service, per change.

###### e. Moves

A move involves a change in the physical location of one of the following:

- The Point of Termination at the customer's designated premises
- The customer's premises

The charges for the move are dependent on whether the move is to a new location within the same building or to a different building.

###### (1) Moves Within the Same Building or Between Buildings on the Same Premises

When the move is to a new location within the same premises or between buildings on the same premises, the move is the responsibility of the customer. There will be no change in the minimum billing period requirements.

**3. Central Office Multiplexer to Multiplexer Connecting Arrangement (Cont'd)**

c. When a Central Office Multiplexer to Multiplexer Connecting Arrangement is made within the same SVDS equipped serving wire center, only one arrangement will apply. When a Central Office Multiplexer to Multiplexer Connecting Arrangement is made in different SVDS equipped serving wire centers, one arrangement will apply for each SVDS equipped serving wire center. Transport Mileage, if applicable, will also apply. For example, a customer wants to connect one 2.4 kbit/s channel on a DS0 to Subrate Multiplexer from SVDS equipped serving wire center A to a DS0 to Subrate Multiplexer in SVDS equipped serving wire center B. The customer would pay for two Central Office Multiplexer to Multiplexer Connecting Arrangements and Transport Mileage as set forth in 5.3.4.A. and 5.3.5.E., following.

**5.2 SERVICE DESCRIPTIONS (Cont'd)**

**5.2.11 EXCHANGE SERVICE EXTENSIONS (NON-PBX)**

PBX off premises stations are provided via a Voice Grade 32 type circuit.

**A. Basic Description**

Channels which extend dial tone from a customer's serving wire center to a non-continuous property station location. This service is available to either residence or business customers.

**B. Regulations**

1. Exchange Service Extension charges are in addition to other rates and charges applicable to the particular service involved.
2. Extension service is provided only to individual lines which terminate at a different premises.
3. When a customer subscribes to local service(s) and requests an extension in a foreign exchange, a Network Access Channel, Channel Performance and Transport Mileage, as specified for Voice Grade 32 Loop-Start LO Service or Voice Grade 33 Ground-Start Service, will apply to the extension.

**B. Regulations (Cont'd)**

**11. Telephone Answering Service with Privacy (Key Arrangement)**

This arrangement denotes telephone answering service patron lines terminating in a Telephone Answering Service switchboard that uses facilities and CO relays to insure privacy. To provide privacy the following equipment is needed:

- CO Relay at the serving wire center, refer to 5.3.5.D., following.
- CPE Key at the patron's premises.
- Low-Speed Data Channel (Control Channel) between the CPE Key and the CO Relay, refer to 5.3.2.A. and 5.3.3.A., following.

Rates and charges for the CO Relay and the Low-Speed Data Control Channel are billed to the patron.
