# Re: Advice No. CNG/O22-07-04, UG 444 UM 1557, Conservation and Weatherization Variances Deferral

Pursuant to Docket UM 1557, ORS 757.210 and ORS 757.259(5), Cascade Natural Gas submits the following revisions to P.U.C. OR No. 10 Tariff containing an effective date of November 1, 2022 along with the supporting workpapers:

# Sixth Revision of Sheet No. 193.1

The purpose of this filing is to apply new temporary adjustments to base rates amortizing outstanding deferred balances for variances in collections due to conservation and weatherization, as authorized in Docket UM 1557. The Company revises rates for this purpose annually; the last filing was effective November 1, 2021. The Company is requesting a decrease in annual revenues of \$568,406, or 0.73 percent, effective on November 1, 2022. The current amortization rates and the proposed changes, both inclusive of the gross revenue factor, are as follows:

Schedule	Current	Proposed	Difference in		
	Amortization	Amortization	Amortization		
	Rates	Rates	Rate		
101	(0.00250)	(0.00664)	(0.00414)		
104	(0.00432)	(0.01539)	(0.01107)		

This filing complies with ORS 757.210 which authorizes deferred utility expenses or revenues to be allowed (amortized) in rates to the extent authorized by the Commission in a proceeding to change rates. All of the deferrals included in this filing occurred with appropriate Commission authorization as rate orders or under approved tariffs.

# **Three Percent Test**

Pursuant to ORS 757.259 and OAR 860-027-0300(9), the overall annual average rate impact of amortizations authorized under the statutes may not exceed three percent of the natural gas utility's gross revenues for the preceding calendar year, unless the Commission finds that allowing a higher amortization rate is reasonable under the circumstances pursuant to ORS 757.259(7). Cascade's total Oregon gross revenues for calendar year 2021 were \$77,563,145. The total amortization requested in this filing is a rebate of \$834,229 with the resulting annual average rate impact of (1.08) percent. The total revenue change of Prior Period Gas cost deferral concurrently filed in O22-07-02 is \$12,671,052 and the resulting annual average rate impact of that filing is 16.34%. The resulting annual average rate impact combined of 15.26% which does not fall within the requirements of the statute due to higher commodity costs in year 2021.

# **Other Information**

Pursuant to OAR 860-022-0025 and OAR 860-022-0030, the total number of customers affected by this filing by rate schedule are as follows:

Rate Schedule	Number of Customers
101	70,250
104	10,378

The Table below provides, the annual revenue before and after the impact of the rate change, and the average monthly use and resulting bills under existing and proposed rates.

Rate		Total Current	Total Proposed	Revenue	Percent Incr	Avg Therms	Current	Proposed	Monthly	Proposed Rates %
Schedule	Description	Revenues	Revenues	Incr (Decr)	(Decr)	per Month	Avg Bill	Avg Bill	Change	Change
101	Residential	\$43,071,488	\$ 42,864,572	(\$206,916)	-0.48%	62	\$59.17	\$58.88	-\$0.28	-0.48%
104	Commerical	\$24,067,962	\$ 23,706,472	(\$361,490)	-1.50%	272	\$212.02	\$208.84	-\$3.18	-1.50%

After combining the impact of this filing along with the two other regulatory filings made today,<sup>1</sup> the overall effect of the proposed rate adjustments on the monthly bill of a residential customer with consumption of 62 therms will be an increase of \$14.98 or 25.32%, for a revised monthly bill of \$74.15 effective November 1, 2022.

<sup>&</sup>lt;sup>1</sup> On July 29, 2022, Cascade Natural Gas filed Advice Nos. O22-07-02 and O22-07-03; both have requested effective dates of November 1, 2022.

The Company will issue a press release coincident with the update annual Purchased Gas Cost Adjustment (PGA) filing in mid-September and provide notice to customers via a bill insert following the approval of this filing.

Attached in support of this filing is Exhibit 1 which contains the development of the Conservation Alliance Plan (CAP) temporary cost rate increments associated with this filing and a summary of proposed CAP- related technical adjustment rates.

The Company agrees to rate adjustments and refunds should the Commission determine that these rates have been inappropriately calculated. Any rate adjustments and refunds will be retroactive to November 1, 2022, provided that the Commission advises the Company of the necessity for such rate adjustments or refunds within 30 days after the effective date of these rates.

If there are any questions regarding this filing, please contact me at (208) 377-6015.

Sincerely,

/s/ Lori A. Blattner
