**Re: PacifiCorp Special Contract and Related Tariff
Supplemental, ADV 1289 (do not re-docket)**

On July 2, 2021, Cascade Natural Gas Corporation (“Cascade” or “the Company”) filed an application pursuant to OAR 860-022-0035 for approval of a special contract between Cascade and PacifiCorp dated June 7, 2021 (the “Special Contract”). The Company herewith submits this supplemental filing to become effective with service on and after November 1, 2021. After consultation with Oregon Public Utility Commission (“OPUC”) Staff, this new effective date is being sought to allow for additional time because the Company is waiting on a contract to be finalized between Cascade and another customer. Once that contract is finalized, it can be filed together with the contract Cascade will have with PacifiCorp.

If you have any questions regarding this filing, please contact me at (509) 734-4593.

Sincerely,

/s/ Michael Parvinen

**SCHEDULE 201
SPECIAL CONTRACTS**

(N)

5. PacifiCorp.**a. Term**

The contract, dated June 7, 2021, has a minimum primary contract term of 15 years commencing on the Effective Date of the contract, as defined within, and continuing in effect thereafter from year to year until canceled by either party with provision of at least one (1) year's advance written notice, which notice must be given at least one (1) year prior to the end of the primary term if termination is to occur at the end of the primary term. There is a provision that allows PacifiCorp the ability to terminate the contract, at any time, with at least one-year written notice prior to termination.

b. Rates

Commencing on the Effective Date of the contract PacifiCorp shall pay Cascade, during each month for the term of the Agreement and any extension thereof, a monthly Demand Charge equal to \$11,250. For each MMBtu of Gas delivered through the Cascade Pipeline, PacifiCorp shall pay Cascade a Commodity Charge. The initial Commodity Charge shall be \$0.0278 per MMBtu. Commencing on the Effective Date and each twelve (12) months' anniversary thereafter, the Commodity Charge shall be changed by the percentage change in the Consumer Price Index. In the event that such Consumer Price Index ceases to exist or becomes unavailable, the Parties shall agree on a substitute index that reasonably measures changes in prices of goods and services in the United States. Commencing on the Effective Date, PacifiCorp shall pay Cascade, during each month for the term of the Agreement and any extension thereof, a monthly basic service charge of \$625 (the "Basic Service Charge").

c. Special Conditions

All operating obligations are detailed within the contract. Customer agrees that all gas used at the generating plant will be delivered by Cascade during the term of this agreement.

d. Eligibility

The contract is specifically designed to address the customer's potential distribution service alternative (bypass of Company facilities) as well as the customer's need for firm transportation service not offered under any current tariff. A condition precedent to availability is that special contracts for service must be reviewed and approved by the Oregon Public Utilities Commission pursuant to Oregon Statutes (ORS 757.230), Rules (OAR 860-022-0035), and Commission policies for market-based rates (Order No. 87-402).

GENERAL TERMS

Service under this schedule is governed by the terms of this schedule, the Rules contained in this Tariff, any other schedules that by their terms or by the terms of this schedule apply to service under this schedule, and by all rules and regulations prescribed by regulatory authorities, as amended from time to time.
