RE: Supplemental Filing of Advice No. 22-43, Schedule 14 Residential Battery Energy Storage Pilot and Schedule 7 Residential Service, Tariff Updates

Portland General Electric Company (PGE) submits this supplemental filing pursuant to Oregon Revised Statutes 757.205 and 757.210, and Oregon Administrative Rule (OAR) 860-022-0025, for filing proposed tariff sheets associated with Tariff P.U.C. No. 18. PGE initially filed Advice 22-43 on December 12, 2022, with a requested effective date of February 8, 2023. PGE submits this Supplemental Filing to extend the requested effective date to May 15, 2023, to allow PGE to smoothly transition currently enrolled customers from the previous structure of the Pilot to the new structure with minimal disruption, as well as allow sufficient time for the internal information technology system changes required to implement the “pay for performance” reward structure.

All sheets remain as previously filed.

To satisfy the requirements of OARs 860-022-0025(2), PGE provides the following response:

The changes do not increase, decrease, otherwise change existing rates, or impact revenues.

Please direct questions or comments regarding this filing to Chris Pleasant at (503) 464-2555. Please direct all formal correspondence and requests to the following email address pge.opuc.filings@pgn.com

Sincerely,

\s\ Robert Macfarlane
