RE: Supplemental Filing of Advice No. 19-34, UE 370 Schedule 122, Renewable Resource Automatic Adjustment Clause

Portland General Electric Company (PGE) submits this supplemental filing pursuant to Oregon Revised Statutes (ORSs) 757.205, 757.210 and 469A.120, and Oregon Administrative Rules (OARs) 860-022-0025 and 860-022-0030, for filing proposed tariff sheets associated with Tariff P.U.C. No. 18. PGE originally filed Advice No. 19-34 on December 3, 2019 with a requested effective date of September 1, 2020. In the original filing, PGE indicated the current forecast and contracted online date of Wheatridge Renewable Energy Farm would be December 31, 2020, and that the facility could potentially come online as early as September 1, 2020.

The purpose of this supplemental filing is to extend the effective date to October 5, 2020. PGE understands that an Order in UE 370 is expected around September 25, 2020. Once the Commission has issued an Order, PGE will then submit a compliance filing with revised Schedule 122 prices and the Attestation that the Wheatridge Renewable Energy Farm is online.
