**RE: Supplemental Filing of Advice No. 21-04, Schedule 128 Short Term  
Transition Adjustment Update April 2021 Quarterly Election Window**

Portland General Electric Company (PGE) submits this filing pursuant to Oregon Revised Statutes 757.205 and 757.210, and Oregon Administrative Rules 860-022-0025, 860-022-0030, and OAR 860-038-0275, for filing proposed tariff sheet associated with Tariff P.U.C. No. 18. PGE initially filed Advice No. 21-04 on February 16, 2021 with a requested effective date of April 1, 2021 which remains as previously filed. PGE is submitting this Supplemental Filing to correct the pricing.

Enclosed is the following replacement sheet.

Thirty Fifth Revision of Sheet No. 128-4

This filing is being supplemented to correct an omission that was discovered after the filing was submitted. Schedule 125 prices, which contribute to the prices in this filing were inadvertently not updated from 2020 prices, which caused the Schedule 128 Balance of Year prices to be incorrectly calculated.

To satisfy the requirements of Oregon Administrative Rules 860-022-0025(2) and 860-022-0030(1), PGE provides the following responses:

OARs 860-022-0025 and 860-0022-0030 require that PGE submit a statement of the tariff schedule change, the number of customers affected, the change in revenue, and the grounds supporting the change. With regard to identifying the number of customers affected and change in revenue, when PGE files its balance of year transition adjustment, the adjustment is paid by customers who elect to leave PGE's Cost of Service or choose Direct Access for the balance of year. It is unknown how many customers will make this election and the revenue change is therefore unknown.
