**Re: Replacement Filing: Exhibit 2, Page 1 – PGA Effects; Purchased Gas Cost and Technical Rate Adjustments**

Northwest Natural Gas Company, dba NW Natural (“NW Natural” or the “Company”), files herewith a replacement of Page 1 of its Exhibit 2, Substitute Supporting Materials reflecting effects of temporary (technical) and permanent adjustments in rates. A request for approval on less than statutory notice is already on file in this matter.

At Staff’s request, this page of Exhibit 2 is being re-filed to correctly state the total change in PGA effects; additionally, totals of demand and commodity cost changes have been included. The change to this Exhibit has no effect on rates as currently proposed and on file with the Commission.

The Company hereby withdraws Exhibit 2, Page 1, filed in NWN Advice No. OPUC 05-9A, dated September 12, 2005. All other materials in that file are requested to become effective as filed.

Copies of this letter and the filing made herewith are available in the Company's main and district offices in Oregon.

Please address correspondence on this matter to me with copies to the following:
