1. APPLICATION OF STATEMENT OF RATES

This statement of rates may contain rates for (and/or reference) services, facilities, arrangements and the like that Ziply Fiber does not have an obligation to provide under 47 U.S.C. § 251(c)(3). Notwithstanding any such rates (and/or references) and, for the avoidance of any doubt, nothing in this statement of rates shall be deemed to require Ziply Fiber to provide a service, facility, arrangement or the like that Ziply Fiber is not required to provide under 47 U.S.C. § 251(c)(3), or to provide a service, facility, arrangement or the like upon rates, terms or conditions other than those that are required pursuant to 47 U.S.C. § 251(c)(3). By way of example and without limitation of the foregoing, Ziply Fiber is not required to provide unbundled access to certain high-capacity loop and transport facilities out of wire centers that meet the applicable non-impairment criteria set forth in the regulations promulgated by the FCC pursuant to WC Docket No. 04-313, Order on Remand, FCC 04-290.
