5.2.8 HOME BUSINESS LINE SERVICE – GRANDFATHERED

(C)

Effective April 15, 2022, HOME BUSINESS LINE (HBL) is grandfathered to existing customers at existing locations. Changes, additions, or transfer of service will not be permitted on accounts associated with a grandfathered bundle or package or other grandfathered feature or service.

(N)

(N)

A. Description

HOME BUSINESS LINE (HBL) is a flat rated business voice service which includes the functionality of Custom Ringing and both business and residence listings. Custom Ringing and business and residence listings are integrated components of HBL service. Customers subscribing to this service access the network via a flat business line.

B. Terms and Conditions

1. HBL service is offered for small business customers subscribing to flat business service and is only available to businesses operating in a residence location as described in 5.2.E. of the Exchange and Network Services Tariff. It is not available to businesses operating in commercial business locations.
2. HBL is offered as a business class of service that gives subscribing customers the opportunity to enhance their telephone service to a business class of service allowing for a business listing without losing their residence number or residence listing. This service offering, which includes one Custom Ringing option, allows the customer to know whether an incoming call is business or personal.
3. HBL service also includes a primary business listing and a residence listing. The business listing will appear on Directory Assistance and in the white and yellow page directories. The residence listing will appear on Directory Assistance and in the white pages. This allows the home based business to maintain its residence identity. Additional listings may be purchased at rates and charges and under terms and conditions specified in 5.7.1, following.

5.4.7 INTRACALL SERVICE

A. Description

The *INTRACALL* Service provides a special calling feature to a residence or business line. It allows customers to use their standard residence or business telephone line to provide an intercom system between their primary telephone and any extension telephone. This is accomplished by the customer dialing an access code, hanging up, letting the telephone ring, and allowing both primary and extension to talk to each other. The ringing supplied to the line is a special ringing circuit which allows the customer to distinguish between a normal incoming call and an *INTRACALL*.

B. Terms and Conditions

1. The access code may be the customer's own telephone number or a special three digit code depending upon the type of central office from which the customer is served.
2. Interaction between *INTRACALL* Service and other Custom Calling type features will depend upon the type of central office from which the customer is served.
3. *INTRACALL* Service is not available to lines in a Hunt Group.
