**RE: Compliance Filing of Advice No. 20-34 Schedule 7 Residential Service  
Time of Use Rate**

Portland General Electric Company (PGE) submits this filing pursuant to Oregon Revised Statutes (ORS) 757.205 and 757.210, and Oregon Administrative Rules (OARs) 860-022-0025 and 860-022-0030, for filing proposed tariff sheets associated with Tariff P.U.C. No. 18. PGE initially filed Advice No. 20-34 on November 9, 2020 with a requested effective date of May 1, 2021, which remains as previously filed. PGE then submitted a Supplemental Filing on December 21, 2020 to update and refine PGE's Schedule 7 Residential Time of Use Rate and continue PGE's existing TOU with no new service until an EV-only option is introduced based on discussions between Oregon Public Utility Commission (OPUC) Staff, Oregon Citizens' Utility Board (CUB), and PGE.

PGE now submits this Compliance Filing pursuant to the Commission outcome of the public meeting on January 26, 2021 adopting Staff's recommendation that PGE's current Schedule 7 TOU rate remain open until such time that the Commission approves a new, residential EV charging focused TOU rate, and decides that closing the current rate is in the public interest.

Enclosed is the following replacement sheet.

Sixth Revision of Sheet No. 7-4

All other sheets remain as previously filed.

To satisfy the requirements of OARs 860-022-0025 and 860-022-0030, PGE provides the following response:

OAR 860-022-0025 and 860-0022-0030 requires that PGE submit a statement of the tariff schedule change, the number of customers affected, the change in revenue, and the grounds supporting the change. The proposed revisions to Schedule 7, Residential Service, do not increase, decrease, otherwise change existing prices, or impact revenues. The prices are limited to a number of customers that may choose to participate in the TOU rates, therefore, the revenue change is unknown.
