Corporation, an Affiliated Interest, for Hardware)	
and Software Improvements.)	

DISPOSITION: SUPPLEMENTAL APPLICATION APPROVED WITH CONDITIONS

On December 16, 1999, the Commission received a supplemental application from GTE Northwest Incorporated (Company), filed pursuant to ORS 759.375 and ORS 759.390, requesting approval of an agreement for software improvements with AG Communications Systems Corporation (AGCS), an affiliated interest.

Based on a review of the application and the Commission's records, the Commission finds that the application satisfies applicable statutes and administrative rules. At its Public Meeting on February 22, 2000, the Commission adopted Staff's recommendation to approve the application with conditions. Staff's recommendation is attached as Appendix A and is incorporated by reference.

OPINION

Jurisdiction

ORS 759.005 defines a "telecommunications utility" as anyone providing telecommunications service to the public in Oregon. The Company is a telecommunications utility subject to the Commission's jurisdiction.

Affiliation

An affiliated interest relationship between GTE Northwest Incorporated and AG Communications Systems Corporation exists under ORS 759.010.

Applicable Law

ORS 759.390 requires telecommunications utilities to seek approval of contracts with affiliated interests within 90 days of execution of the contract. The intent of the statute is to protect ratepayers from the abuses which may arise from less than arm's length transactions. *Portland General*

Electric Company, UF 3739, Order No. 81-737 at 6. Failure to file within the 90-day time limit may preclude the utility from recovering costs incurred under the contract. *See* ORS 759.390.

ORS 759.390(3) requires the Commission to approve the contract if the Commission finds that the contract is fair and reasonable and not contrary to the public interest. However, the Commission need not determine the reasonableness of all the financial aspects of the contract for ratemaking purposes. The Commission may reserve that issue for a subsequent proceeding.

Ratepayers should not be harmed by approval of this application.

CONCLUSIONS

1. The Company is a telecommunications utility subject to the jurisdiction of the Commission.
2. An affiliated interest relationship exists between GTE Northwest Incorporated and AG Communications Systems Corporation.
3. The agreement is fair, reasonable, and not contrary to the public interest.
4. The application should be granted.

ORDER

IT IS ORDERED that the supplemental application of GTE Northwest Incorporated for authority to engage in certain affiliated interest transactions with AG Communications Systems Corporation is granted, subject to the conditions stated in Appendix A.

Made, entered, and effective _____.

Vikie Bailey-Goggins

ITEM NO. CA 3

**PUBLIC UTILITY COMMISSION OF OREGON
STAFF REPORT
PUBLIC MEETING DATE: FEBRUARY 22, 2000**

REGULAR AGENDA__ **CONSENT AGENDA** **X** **EFFECTIVE DATE** _____

DATE: January 26, 2000
TO: Bill Warren through Marc Hellman and Mike Myers
FROM: Marion Anderson
SUBJECT: UI 93 (28) - GTE Northwest, Incorporated (GTE-NW) Supplemental Application for Approval of an Agreement with AG Communications Systems Corporation (AGCS) for Hardware and Software Improvements

SUMMARY RECOMMENDATION:

Staff recommends approval with conditions.

DISCUSSION:

This filing was made on December 16, 1999, and is Amendment No. 1, effective September 24, 1999, to the contract submitted under UI 93 (27). Concurrent approval is appropriate. To reiterate the projections made in that filing, annual total Oregon costs of those enhancements are: 1999-\$315,000; 2000-\$1,356,700; 2001-\$2,035,050. This is an incremental projection layered on an existing multimillion dollar Oregon intrastate annual GTE-NW expenditure to AGCS (and is thereby unaffected by HB 3241).

The affiliated interest relationships are established under ORS 759.010 in that GTE Corporation has 100% equity positions in GTE-NW and GTE Communications Systems Corporation. The GTE Corporation equity position in AGCS is 19.99%. Under a joint venture agreement with AT&T, the latter position has declined by sale from an initial 51% and will be liquidated on the first business day following December 31, 2003.

PERTINENT ISSUES:

I have investigated the following issues to determine if this supplemental agreement is fair and reasonable, and not contrary to the public interest.

1. Scope of Services

This amendment: a. specifies the termination date instead of its being open-ended. b. makes the purchasing obligation subject to submission and acceptance of a purchase order. c. removes the total payment price specifications for provisions made under the contract. d. establishes termination conditions. e. establishes annual purchase discount thresholds. f. sets regulatory considerations. The other change makes reference language consistent with the amendment.

PERTINENT ISSUES: (continued)

2. Transfer Pricing Methods
4. Records Availability, Audit Procedures and Reporting Requirements
These areas are unchanged from the statements made in the UI 93 (27) recommendation.
3. Public Interest Compliance
The language modifications do not impair the contract's fairness and reasonableness.

CONCLUSIONS:

Based on an investigation and review of this application, my conclusions are as follows:

1. GTE Northwest, Incorporated, is a regulated telecommunications company subject to the jurisdiction of the Public Utility Commission of Oregon.
2. An affiliated interest relationship exists between GTE Northwest, Incorporated, and AG Communications Systems Corporation.
3. The application appears to be fair and reasonable and not contrary to the public interest.

DETAILED RECOMMENDATION:

Based on the preceding discussion and conclusions, I recommend that the supplemental application presenting the amendment to an agreement between GTE Northwest, Incorporated, and AG Communications Systems Corporation be approved with the following conditions:

1. GTE Northwest, Incorporated, shall provide Staff access to all books of account, as well as all documents, data and records of GTE Northwest, Incorporated, and AG Communications Systems Corporation that pertain to transactions between them.
2. The Commission reserves the right to review for reasonableness all financial aspects of this arrangement in any rate proceeding or earnings review under an alternative form of regulation.
3. GTE Northwest, Incorporated, shall notify the Commission in advance of any substantive changes to the agreement, including any material changes in any cost. Any changes to the agreement terms that alter the intent and extent of activities under the agreement from those approved herein shall be submitted for approval in an application for supplemental order (or other appropriate format) in this docket.

4. Condition 4 of Order No. 98-042 (carried over to all orders from Order No. 93-238 in this docket) remains in effect.
