

ORDER NO. 01-1050

A third amendment (Second Revision) updating the SGAT to reflect changes negotiated in intervening months was filed on August 21, 2001. By our Order No. 01-878, entered October 22, 2001, we granted Qwest's petition and again allowed the SGAT, as amended to go into effect.¹

On October 30, 2001, Qwest filed a Notice of Updated Statement of Generally Available Terms and Conditions (Third Revision) and Qwest's Statement of Generally Available Terms and Conditions (SGAT) dated October 30, 2001. Qwest also submitted a black-lined version of the SGAT indicating the changes from the previously submitted version. According to Qwest, "The SGAT that accompanies this Notice complies with the *Workshop 2 Final Report*. Qwest notes that it has also modified Section 10.8.4.2 to comply with the *Workshop 1 Final Report*—a modification that Qwest inadvertently failed to make in an earlier filing....Finally, the updated SGAT also contains a non-substantive change to Section 10.8.5 to reflect the fact that prices that were formerly in Exhibit D have now been incorporated into Exhibit A." (Notice, pp. 2-3).

DISCUSSION

The discussion of the nature of the SGAT and the SGAT process contained in our prior orders is adopted herein and will not be repeated. This fourth amendment to the SGAT is not unexpected. As noted in our prior Orders, we anticipated the current circumstances: "...changes to the SGAT document may become cumbersome . . . each amendment to the original document might trigger a new 60-day review period and an additional item on our Public Meeting agenda."

As with the original SGAT submission and the first, second and third amendments, we neither endorse nor approve of the substance of this new amendment. Rather, we allow the amendment to take effect and we will consider its substance, including the representations by Qwest that the language therein now complies with our previous Section 271 Workshop Reports, in the review process already under way in docket UM 823. Since CLECs are able to negotiate interconnection agreements regardless of the availability of an SGAT, they will not be prejudiced by our action.

¹ This is the number and date of the Errata Order adopting a previous order that had been improperly numbered. The Order was originally entered on October 16, 2001 as Order No. 01-874.
