LLC and QWEST CORPORATION, Submitted )  
for Commission Approval Pursuant to Section )  
252(e) of the Telecommunications Act of 1996. )

DISPOSITION: AMENDMENTS APPROVED

On March 28, 2001, HighSpeed.Com of Oregon, LLC and Qwest Corporation filed a third and fourth amendment to the interconnection agreement and amendments previously approved by the Public Utility Commission of Oregon (Commission) with Order Nos. 99-377, and 99-526, issued June 9, 1999 and August 30, 1999, respectively. The parties seek approval of the current amendments under Section 252(e) of the Telecommunications Act of 1996. The Commission provided notice of the request for approval and an opportunity to comment. Only the Commission Staff (Staff) filed comments.

Under the Act, the Commission must approve or reject an agreement reached through voluntary negotiation within 90 days of filing. The Commission may reject an agreement only if it finds that:

- (1) the agreement (or portion thereof) discriminates against a telecommunications carrier not a party to the agreement; or
- (2) the implementation of such agreement or portion is not consistent with the public interest, convenience, and necessity.

Staff noted that an interconnection agreement or amendment thereto has no effect or force until approved by a state Commission. See 47 U.S.C. Sections 251 (a) and (e). Accordingly, Staff points out that the effective date for these filings will be the date the Commission signs an order approving them, and that any provision stating that the parties' agreement(s) are effective prior to that date is not enforceable.

Staff recommended approval of the amendments. Staff concluded that the amendments to the previously approved agreement does not appear to discriminate aga inst

telecommunications carriers who are not parties to the agreement and does not appear to be inconsistent with the public interest, convenience, and necessity.

**OPINION**

The Commission adopts Staff's recommendation and concludes that there is no basis under the Act to reject the amendments to the previously approved agreement. No participant in the proceeding has requested that the amendments be rejected or has presented any reason for rejection. Accordingly, the amendments should be approved.

**CONCLUSIONS**

1. There is no basis for finding that the amendments to the previously approved agreement discriminate against any telecommunications carrier not a party to the agreement.
2. There is no basis for finding that implementation of the amended agreement is not consistent with the public interest, convenience, and necessity.
3. The amendments should be approved.

**ORDER**

IT IS ORDERED that the amendments to the previously approved agreement, between HighSpeed.Com of Oregon, LLC and Qwest Corporation, are approved.
