BEFORE THE PUBLIC UTILITY COMMISSION
OF OREGON**

ARB 382

In the Matter of the Negotiated Interconnection)
Agreement between IG2, INC. and)
VERIZON NORTHWEST, INC., Submitted) ORDER
for Commission Approval Pursuant to Section)
252 (e) of the Telecommunications Act of 1996.)

DISPOSITION: AGREEMENT APPROVED

On October 22, 2001, IG2, Inc. and Verizon Northwest, Inc. filed an interconnection agreement with the Public Utility Commission of Oregon (Commission). The parties seek approval of this agreement under Section 252(e) of the Telecommunications Act of 1996. The Commission provided notice of the request for approval and an opportunity to comment. Only the Commission Staff (Staff) filed comments.

Under the Act, the Commission must approve or reject an agreement reached through voluntary negotiation within 90 days of filing. The Commission may reject an agreement only if it finds that:

- (1) the agreement (or portion thereof) discriminates against a telecommunications carrier not a party to the agreement; or
- (2) the implementation of such agreement or portion is not consistent with the public interest, convenience, and necessity.

On January 3, 2002, the parties filed amending language to the agreement with the Commission. The language amends the Preface, page 1, Section 1, Paragraph 1 Part (c), which references “an Order¹ by a Party that has been accepted by the other Party.” Staff and the parties agree that the new language no longer makes all Orders part of the Agreement. As such, the Orders do not need to be submitted to the Commission for approval.

Staff noted that an interconnection agreement or amendment thereto has no effect or force until approved by a state Commission. See 47 U.S.C. Sections 251 (a) and (e). Accordingly, Staff pointed out that the effective date of this filing will be the date the Commission signs an order approving it, and that any provision stating that the parties’ agreement is effective prior to that date is not enforceable.

¹ Order is defined in the Agreement as “an order or application to provide, change or terminate a Service (including, but not limited to, a commitment to purchase a stated number or minimum number of lines or other Services for a stated period or minimum period of time).”

Staff recommended approval of the agreement. Staff concluded that the agreement does not appear to discriminate against telecommunications carriers who are not parties to the agreement and does not appear to be inconsistent with the public interest, convenience, and necessity.

OPINION

The Commission adopts Staff's recommendation and concludes that there is no basis under the Act to reject the agreement. No participant in the proceeding has requested that the agreement be rejected or has presented any reason for rejection. Accordingly, the agreement should be approved.

CONCLUSIONS

1. There is no basis for finding that the agreement discriminates against any telecommunications carrier not a party to the agreement.
2. There is no basis for finding that implementation of the agreement is not consistent with the public interest, convenience, and necessity.
3. The agreement should be approved.

ORDER

IT IS ORDERED that the agreement, between IG2, Inc. and Verizon Northwest, Inc., is approved.
