Twelfth Amendment to Interconnection Agreement. Submitted for Commission		) )	
Approval Pursuant to Section 252 (e) of the Telecommunications Act of 1996.	he	)	

DISPOSITION: AMENDMENT APPROVED

On May 20, 2002, Eschelon Telecom of Oregon, Inc. and Qwest Corporation filed a twelfth amendment to the interconnection agreement previously acknowledged by the Public Utility Commission of Oregon (Commission) by letter issued February 8, 2000, recognizing the adoption of ARB 3 terms. Subsequent amendments have been approved by Order Nos. 00-248, 00-371, 01-237, 01-309, 01-1041, 02-048, 02-176, and 02-276. The parties seek approval of the current amendment under Section 252(e) of the Telecommunications Act of 1996. The Commission provided notice by posting an electronic copy of the amendment on the World Wide Web, at: http://www.puc.state.or.us/caragmnt/. Only the Commission Staff (Staff) filed comments

Under the Act, the Commission must approve or reject an agreement reached through voluntary negotiation within 90 days of filing. The Commission may reject an agreement only if it finds that:

- (1) the agreement (or portion thereof) discriminates against a telecommunications carrier not a party to the agreement; or
- (2) the implementation of such agreement or portion is not consistent with the public interest, convenience, and necessity.

Staff noted that the amendment refers to an "Implementation Plan dated July 31, 2001/August 1, 2001." The amendment should have been submitted at the time of the implementation plan. Delay of this type is not acceptable and should not be repeated in further agreements or amendments.

Staff noted that an interconnection agreement or amendment thereto has no effect or force until approved by a state Commission. *See* 47 U.S.C. Sections 251 (a) and (e). Accordingly, Staff pointed out that the effective date of this filing will be the date the Commission signs an order approving it, and that any provision stating that the parties' agreement is effective prior to that date is not enforceable.

Staff recommended approval of the amendment. Staff concluded that the amendment to the previously approved agreement does not appear to discriminate against telecommunications carriers who are not parties to the agreement and do not appear to be inconsistent with the public interest, convenience, and necessity.

### **OPINION**

The Commission adopts Staff's recommendation and concludes that there is no basis under the Act to reject the amendment to the previously approved agreement. No participant in the proceeding has requested that the amendment be rejected or has presented any reason for rejection. Accordingly, the amendment should be approved.

### **CONCLUSIONS**

- 1. There is no basis for finding that the amendment to the previously approved agreement discriminates against any telecommunications carrier not a party to the agreement.
- 2. There is no basis for finding that implementation of the amended agreement is not consistent with the public interest, convenience, and necessity.
- 3. The amendment should be approved.
