**PUBLIC UTILITY COMMISSION OF OREGON
STAFF REPORT
PUBLIC MEETING DATE: June 3, 2003**

REGULAR _____ CONSENT X EFFECTIVE DATE _____

DATE: May 27, 2003

TO: John Savage through Lee Sparling and Jack Breen III

FROM: Janet Fairchild

SUBJECT: PACIFIC POWER & LIGHT: (Docket No. UM 1086) Competitive Bid for Renewable Portfolio Resources Filed in Compliance with Commission Order No. 03-208.

STAFF RECOMMENDATION:

Staff recommends that the Commission approve Pacific Power & Light's proposed bid process and Request For Proposal to procure tradable renewable credits and retail marketing services for its 2004 – 2006 Blended Renewable and Environmental Mitigation portfolio options.

DISCUSSION:

On May 27, 2003, Pacific Power & light (PacifiCorp or the company) filed its Request for Proposal (RFP) for a supplier to provide tradable renewable credits and retail marketing services for two of the company's 2004 – 2006 portfolio options. The RFP includes a description of the company's proposed bid process. The filing was made to comply with Commission Order No. 03-208. That order requires PacifiCorp to conduct a formal bid process to select suppliers to provide 100 percent renewable resource and retail marketing services for the utility's 2004-2006 Blended Renewable and Environmental Mitigation options. The Order further specifies that the Commission should approve the bid process and the RFP before it is issued.

PacifiCorp circulated a draft of the RFP to members of the Portfolio Advisory Committee (PAC) before it was filed with the Commission. PacifiCorp's RFP reflects comments received from PAC members.

Staff Review: Staff reviewed PacifiCorp's proposed RFP for compliance with Commission Order No. 03-208 and for general reasonableness of the terms and

conditions. Staff finds that the RFP and proposed bidding process is reasonable and in compliance with Commission Order No. 03-208.

PROPOSED COMMISSION MOTION:

Pacific Power & Light's proposed bid process and Request For Proposal to procure tradable renewable credits and retail marketing services for its 2004 – 2006 Blended Renewable and Environmental Mitigation portfolio options be approved.
