DISPOSITION: AMENDMENTS APPROVED

On May 29, 2003, Wantel Telecommunications, Inc., and Qwest Corporation filed twelfth and thirteenth amendments to the interconnection agreement previously acknowledged by letter of the Public Utility Commission of Oregon (Commission) issued December 3, 1999, recognizing the adoption of ARB 1 terms, and with subsequent amendments approved by Order Nos. 00-761, 01-441, 01-587, 02-768, 03-028, 03-100, 03-129, and 03-074. The parties seek approval of the current amendments under Section 252(e) of the Telecommunications Act of 1996. The Commission provided notice by posting an electronic copy of the agreement and amendments on the World Wide Web, at: <http://www.puc.state.or.us/caragmnt/>. Only the Commission Staff (Staff) filed comments.

Under the Act, the Commission must approve or reject an agreement reached through voluntary negotiation within 90 days of filing. The Commission may reject an agreement only if it finds that:

- (1) the agreement (or portion thereof) discriminates against a telecommunications carrier not a party to the agreement; or
- (2) the implementation of such agreement or portion is not consistent with the public interest, convenience, and necessity.

An interconnection agreement or amendment thereto has no effect or force until approved by a state Commission. *See* 47 U.S.C. Sections 252 (a) and (e). Accordingly, the effective date of this filing will be the date the Commission signs an order approving it, and that any provision stating that the parties' agreement is effective prior to that date is not enforceable.

Staff recommends approval of the amendments. Staff concludes that the amendments to the previously approved agreement do not appear to discriminate against telecommunications carriers who are not parties to the agreement and do not appear to be inconsistent with the public interest, convenience, and necessity.

OPINION

The Commission adopts Staff's recommendation and concludes that there is no basis under the Act to reject the amendments to the previously approved agreement. No participant in the proceeding has requested that the amendments be rejected or has presented any reason for rejection. Accordingly, the amendments should be approved.

CONCLUSIONS

1. There is no basis for finding that the amendments to the previously approved agreement discriminates against any telecommunications carrier not a party to the agreement.
2. There is no basis for finding that implementation of the amended agreement is not consistent with the public interest, convenience, and necessity.
3. The amendments should be approved.

ORDER

IT IS ORDERED that the amendments to the previously acknowledged and approved agreement between Wantel Telecommunications, Inc., and Qwest Corporation is approved.
