**DISPOSITION: AMENDMENTS APPROVED**

On June 15, 2004, Global Crossing Local Services, f/k/a/ Frontier Local Services, Inc., and Qwest Corporation filed sixth and seventh amendments to the interconnection agreement and subsequent amendments previously approved by the Public Utility Commission by Orders No. 98-033, 99-524, 01-131, 01-586, 01-792, and 02-814. The parties seek approval of the amendments under Section 252(e) of the Telecommunications Act of 1996. The Commission provided notice by posting an electronic copy of the agreement and amendments on the World Wide Web, at: <http://www.puc.state.or.us/caragmnt/>. Only the Commission Staff (Staff) filed comments.

Under the Act, the Commission must approve or reject an agreement reached through voluntary negotiation within 90 days of filing. The Commission may reject an agreement only if it finds that:

- (1) the agreement (or portion thereof) discriminates against a telecommunications carrier not a party to the agreement; or
- (2) the implementation of such agreement or portion is not consistent with the public interest, convenience, and necessity.

An interconnection agreement or amendment thereto has no effect or force until approved by a state Commission. *See* 47 U.S.C. Sections 252 (a) and (e). Accordingly, the effective date of this filing will be the date the Commission signs an order approving it, and any provision stating that the parties' amendments are effective prior to that date is not enforceable.

These amendments were filed in accordance with recent FCC clarifications regarding Section 252 of the 1996 Telecommunications Act and directory assistance and operator services. The amendments were entered into in 1998, prior to the clarification under

the assumption that directory assistance and operator services were not subject to Commission approval.

Staff recommended approval of the amendments. Staff concluded that the amendments to the previously approved agreement do not appear to discriminate against telecommunications carriers who are not parties to the agreement and do not appear to be inconsistent with the public interest, convenience, and necessity.

### **OPINION**

The Commission adopts Staff's recommendation and concludes that there is no basis under the Act to reject the amendments to the previously approved agreement. No participant in the proceeding has requested that the amendments be rejected or has presented any reason for rejection. Accordingly, the amendments should be approved.

### **CONCLUSIONS**

1. There is no basis for finding that the amendments to the previously approved agreement discriminate against any telecommunications carrier not a party to the agreement.
2. There is no basis for finding that implementation of the amended agreement is not consistent with the public interest, convenience, and necessity.
3. The amendments should be approved.

### **ORDER**

IT IS ORDERED that the amendments to the previously approved agreement between Global Crossing Local Services, f/k/a/ Frontier Local Services, Inc., and Qwest Corporation are approved.
