DISPOSITION: AGREEMENT AND AMENDMENTS APPROVED

Time Warner Telecom of Oregon LLC and Qwest Corporation, filed a negotiated interconnection agreement and a First, Second, and Third Amendment to the Interconnection Agreement, on August 12, 24, and 31, 2004, respectively, with the Public Utility Commission of Oregon (Commission). The parties seek approval of this agreement and amendments under Section 252(e) of the Telecommunications Act of 1996. The Commission provided notice by posting an electronic copy of the agreement and amendment on the World Wide Web, at: <http://www.puc.state.or.us/caragmnt/>. Only the Commission Staff (Staff) filed comments.

Under the Act, the Commission must approve or reject an agreement reached through voluntary negotiation within 90 days of filing. The Commission may reject an agreement only if it finds that:

- (1) the agreement (or portion thereof) discriminates against a telecommunications carrier not a party to the agreement; or
- (2) the implementation of such agreement or portion is not consistent with the public interest, convenience, and necessity.

An interconnection agreement or amendment thereto has no effect or force until approved by a state Commission. See 47 U.S.C. Sections 252 (a) and (e). Accordingly, the effective date of these filings will be the date the Commission signs an order approving them, and any provision stating that the parties' agreement or amendment is effective prior to that date is not enforceable.

Staff recommended approval of the agreement and amendments. Staff also cautions all parties to interconnection agreements to file agreements and amendments immediately after final signature and within a reasonable time period relative to the stated effective date. Staff concluded that the agreement and amendments themselves do not appear to discriminate against telecommunications carriers who are not parties to the agreement and amendments and do not appear to be inconsistent with the public interest, convenience, and necessity.

OPINION

The Commission adopts Staff’s recommendations and concludes that there is no basis under the Act to reject the agreement or the amendments. No participant in the proceeding has requested that the agreement or the amendments be rejected or has presented any reason for rejection. Accordingly, the agreement and amendments should be approved.

CONCLUSIONS

1. There is no basis for finding that the agreement and amendments discriminate against any telecommunications carriers who are not parties to the agreement and amendments.
2. There is no basis for finding that implementation of the agreement or amendments is not consistent with the public interest, convenience, and necessity.
3. The agreement and amendments should be approved.

ORDER

IT IS ORDERED that the agreement and amendments between Time Warner Telecom of Oregon LLC and Qwest Corporation are approved.
