DISPOSITION: AMENDMENT APPROVED

On August 4, 2005, Comcast Phone of Oregon, LLC, and Qwest Corporation filed a second amendment to the interconnection agreement previously acknowledged by the Public Utility Commission of Oregon (Commission), recognizing the adoption of ARB 527A and 527B terms. A subsequent amendment was approved with Order No. 05-196. The parties seek approval of the amendment under Section 252(e) of the Telecommunications Act of 1996. The Commission provided notice by posting an electronic copy of the amendment on the World Wide Web, at: <http://www.puc.state.or.us/caragmnt/>. Only the Commission Staff (Staff) filed comments.

Under the Act, the Commission must approve or reject an agreement reached through voluntary negotiation within 90 days of filing. The Commission may reject an agreement only if it finds that:

- (1) the agreement (or portion thereof) discriminates against a telecommunications carrier not a party to the agreement; or
- (2) the implementation of such agreement or portion is not consistent with the public interest, convenience, and necessity.

An interconnection agreement or amendment thereto has no effect or force until approved by a state Commission. See 47 U.S.C. Sections 252 (a) and (e). Accordingly, the effective date of this filing will be the date the Commission signs an order approving it, and any provision stating that the parties' agreement is effective prior to that date is not enforceable.

Staff recommended approval of the amendment. Staff concluded that the amendment to the previously acknowledged agreement does not appear to discriminate
