DISPOSITION: REVISED AMENDMENT APPROVED

On June 3, 2005, Trinsic Communications, Inc., fka Z-Tel Communications, Inc., and Qwest Corporation filed a fourth amendment¹ to the interconnection agreement previously acknowledged by the Public Utility Commission of Oregon (Commission), recognizing the adoption of ARB 10 terms. The parties filed a revised version of the fourth amendment on August 4, 2005.² Subsequent amendments were approved with Orders No. 04-124, and 05-179. ARB 349(2) was rejected in Order No. 05-040. The parties seek approval of the current amendment under Section 252(e) of the Telecommunications Act of 1996. The Commission provided notice by posting an electronic copy of the amendment on the World Wide Web, at: <http://www.puc.state.or.us/caragmnt/>. Only the Commission Staff (Staff) filed comments.

Under the Act, the Commission must approve or reject an agreement reached through voluntary negotiation within 90 days of filing. The Commission may reject an agreement only if it finds that:

- (1) the agreement (or portion thereof) discriminates against a telecommunications carrier not a party to the agreement; or
- (2) the implementation of such agreement or portion is not consistent with the public interest, convenience, and necessity.

The original seventeenth amendment filing referred to an “approved” SGAT. The Commission does not approve the SGAT filings. There is no approved SGAT

¹ The Commission extends the comment due date to July 12, 2005, 21 days from the docketed process date of June 21, 2005.

² The Commission will use the filing date of the revised filing for the purposes of the 90-days review period under Section 252 of the Telecommunications Act. Thus, the order due date is November 2, 2005.

on file in Oregon. Stating that the terms in the amendments rely on a Commission approved SGAT is incorrect. Failing to state which version of the SGAT the amendment refers to leaves it ambiguous as to what the terms of the amendment actually are. Staff could not recommend approval of the amendment as such, and had a telephone conference with the parties. After that discussion, a revised version of the fourth amendment was filed with the Commission. The revised version removes the incorrect statement, and specifically states the version of the SGAT that applies to the amendment.

An interconnection agreement or amendment thereto has no effect or force until approved by a state Commission. *See* 47 U.S.C. Sections 252 (a) and (e). Accordingly, the effective date of this filing will be the date the Commission signs an order approving it, and any provision stating that the parties' amendment is effective prior to that date is not enforceable.

Staff recommended approval of the amendment. Staff concluded that the amendment to the previously acknowledged agreement does not appear to discriminate against telecommunications carriers who are not parties to the agreement and does not appear to be inconsistent with the public interest, convenience, and necessity.

OPINION

The Commission adopts Staff's recommendation and concludes that there is no basis under the Act to reject the amendment to the previously acknowledged agreement. No participant in the proceeding has requested that the amendment be rejected or has presented any reason for rejection. Accordingly, the amendment should be approved.

CONCLUSIONS

1. There is no basis for finding that the amendment to the previously acknowledged agreement discriminates against any telecommunications carrier not a party to the agreement.
2. There is no basis for finding that implementation of the amended agreement is not consistent with the public interest, convenience, and necessity.
3. The amendment should be approved.

ORDER

IT IS ORDERED that the amendment to the previously acknowledged agreement between Trinsic Communications, Inc., fka Z-Tel Communications, Inc., and Qwest Corporation is approved.

Made, entered, and effective OCT 04 2005.
