DISPOSITION: CANCELLATION ORDER RESCINDED

On August 7, 2000, the Commission granted a certificate of authority to Telmex USA LLC (Telmex) to provide telecommunications service in Oregon as a competitive provider. *See* Order No. 00-435.

Oregon telecommunications providers are required to provide requested information to the Commission. After investigation, the Commission found that Telmex failed to comply with Oregon Universal Service Fund requirements per ORS 759.425 and OAR 860-032-0008(2). At the April 19, 2005, public meeting, the Commission determined that Telmex’s certificate of authority should be canceled. Telmex’s certificate of authority was canceled in Order No. 05-249. On May 31, 2005, Telmex filed a request to suspend Order No. 05-249, claiming that it had complied with the Commission's rules and regulations. A review of the Commission’s records indicated that Telmex filed the requested information and Order No. 05-738 was entered on June 13, 2005, reinstating Telmex’s certificate of authority.

Again, after investigation, the Commission found that Telmex failed to file the Oregon Universal Service Fund Form 2 for the first quarter of 2006 as required per ORS 759.425. At the September 5, 2006, public meeting, the Commission determined that Telmex’s certificate of authority should be canceled. Telmex’s certificate of authority was canceled in Order No. 06-509. On October 17, 2006, Telmex filed a request to suspend Order No. 06-509, claiming that it had complied with the Commission's rules and regulations. A review of the Commission's records indicates that Telmex filed the requested information.

The information sent by Telmex to the Commission was late. However, the information has been received and it indicates Telmex is providing telecommunications service in Oregon. Under the circumstances, the cancellation of Telmex's certificate should be rescinded.

The Commission notes that this is the second time that Telmex has sought reinstatement following the cancellation of its authority. Under these circumstances, the Commission emphasizes the need for Telmex to fully comply with the Commission's rules and regulations in the future. If Telmex again fails to fulfill its regulatory obligations, the Commission may conclude that it is not in the public interest to process a future application for re-certification as a competitive provider.
