SUBJECT: OREGON PUBLIC UTILITY COMMISSION STAFF: (Docket No. UM 940)
Establishes the gross revenue fee level for telecommunications providers
for 2008.

STAFF RECOMMENDATION:

By November 1, 2007, issue an order to set 0.25 percent as the percentage rate for the annual PUC fees due from telecommunications providers on April 1, 2009, in accordance with ORS 756.310.

DISCUSSION:

ORS 756.310(6) requires each telecommunications provider¹ to pay up to 25 hundredths of one percent (0.25 percent) of its gross retail intrastate Oregon revenue or \$100, whichever is more, to the Commission. The Commission opened docket UM 940 in 1999 to set the annual fee levels for telecommunications providers, and the annual rates have been set at the statutory maximum of 0.25 percent.

The Commission collected \$2.8 million in annual fees from telecommunications providers for 2005 and \$2.7 million for 2006. Staff is forecasting declines in gross retail intrastate Oregon revenues for 2007 and 2008. Therefore, for revenues recorded during 2008, the Commission should continue to assess the annual fee at the statutory

¹ Telecommunications provider means "a telecommunications utility or a competitive telecommunications provider as defined in ORS 759.005" (ORS 756.310(8)(c)). This definition excludes radio common carriers and telecommunications cooperatives with certificates issued only under ORS 759.025.

maximum level of 0.25 percent. I estimate this assessment rate will provide annual fees of \$2.6 million from telecommunications providers for 2008.

The Commission must issue an order to establish the percentage rate for the annual fee "not less than 60 days prior to the calendar year upon which the fee is based" (ORS 756.310(6)(a)). For revenues recorded during 2008, this provision means the fee level order must be issued by November 1, 2007.

Attached is a draft order for the Commission's consideration. It is based on the previous fee level orders for revenues recorded by telecommunications providers during 2000 through 2007 (for example, Order 06-563).

PROPOSED COMMISSION MOTION:

The annual gross revenue fee for telecommunications providers be set at the statutory maximum level of 0.25 percent for calendar year 2008.
