DISPOSITION: CANCELLATION ORDER RESCINDED

On August 7, 2000, the Commission granted a certificate of authority to SNiP Link LLC, (SLL) to provide telecommunications service in Oregon as a competitive provider. *See* Order No. 00-430.

Oregon telecommunications providers are required to provide requested information to the Commission. After investigation, the Commission found that SLL failed to comply with Oregon Universal Service Fund requirements per ORS 759.425 and OAR 860-032-0008(2). At the July 10, 2001, public meeting, the Commission determined that SLL's certificate of authority should be canceled. SLL's certificate of authority was canceled in Order No. 01-629. On September 14, 2001, SLL filed a request to suspend Order No. 01-629, claiming that it had complied with the Commission's rules and regulations. A review of the Commission's records indicates that SLL filed the requested information and Order No. 01-829 was entered on September 26, 2001, reinstating SLL's certificate of authority.

Again, after investigation, the Commission found that SLL failed to file the Oregon Universal Service Fund Form 2 for the first quarter of 2004 as required per ORS 759.425, failed to file an annual report for 2003 as required by OAR 860-032-0060(2)(a), and failed to pay a gross revenue late statement penalty for 2003 as required by ORS 746.310. At the July 20, 2004, public meeting, the Commission determined that SLL's certificate of authority should be canceled. SLL's certificate of authority was canceled in Order No. 04-424. On September 30, 2004, SLL filed a request to suspend Order No. 04-424, claiming that it had complied with the Commission's rules and regulations. A review of the Commission's records indicates that SLL filed the requested information on October 6, 2004. Order No. 04-635 was entered on October 25, 2004, reinstating SLL's certificate of authority.

Again, after investigation, the Commission found that SLL failed to file its 2006 annual fee statement as required by ORS 756.310. On June 11, 2007, the Commission notified SLL that the required fees were not received. At the August 7, 2007, public meeting, the Commission determined that SLL's certificate of authority should be canceled. SLL's certificate of authority was canceled in Order No. 07-354. On September 17, 2007, SLL filed a request to suspend Order No. 07-354, claiming that it had complied with the Commission's rules and regulations. A review of the Commission's records indicates that SLL filed the requested information on August 27, 2007. The company is current with all other required reports.

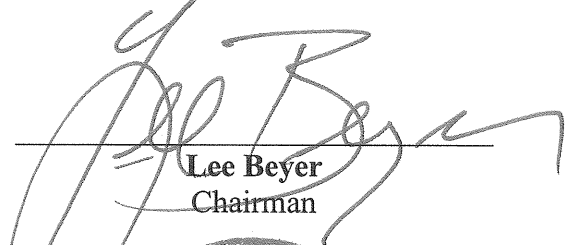

The information sent by SLL to the Commission was late. However, the information has been received and it indicates SLL is providing telecommunications service in Oregon. Under the circumstances, the cancellation of SLL's certificate should be rescinded.

The Commission notes that this is the third time that SLL has sought reinstatement following the cancellation of its authority. Under these circumstances, the Commission emphasizes the need for SLL to fully comply with the Commission's rules and regulations in the future. If SLL again fails to fulfill its regulatory obligations, the Commission may conclude that it is not in the public interest to process a future application for re-certification as a competitive provider.
