**DISPOSITION: PROPOSED BUDGET FOR ISSUE FUND  
GRANT APPROVED**

On December 5, 2007, the Industrial Customers of Northwest Utilities (ICNU) filed a proposed budget for an Issue Fund Grant of \$26,000 in this proceeding, and because of the limited funds available in PacifiCorp’s Issue Fund account at the end of 2007, was granted a modified budget of \$18,200 in Order No. 07-576. In that order, the Commission also directed ICNU to file a proposed budget for \$7,800 under the terms of the First Amended and Restated Intervenor Funding Agreement (IFA) approved by Order No. 07-564. On February 6, 2008, ICNU filed a proposed budget as directed. ICNU’s proposed budget shows eligible expenses in the amount of \$7,800, although it does state that it expects to expend a significantly higher amount on this proceeding and is voluntarily limiting its request to \$7,800. ICNU represents that it will use matching funds in the form of either in-house resources or outside funding to account for or pay at least 20 percent of the eligible expenses. ICNU seeks an Issue Fund Grant in the amount of \$7,800.

The IFA provides that precertified intervenors must submit a proposed issue fund budget to the Commission that contains, at a minimum, the following information:

- 1) A statement of the work to be performed;
- 2) A description of the areas to be investigated;
- 3) A description of the particular customer class(es) that will benefit from the intervenor's participation;
- 4) Identification of the specific fund accounts from which the intervenor is seeking monies and an estimate of the amount of available funds in that account;
- 5) A budget showing estimated attorney, consultant and expert witness fees, which may include the cost for appropriate support staff and operations support; and
- 6) A representation that the intervenor will use matching funds in the form of either in-house resources or outside funding to account for or pay at least 20 percent of the eligible expenses for which the intervenor is seeking an Issue Fund Grant.

Once a proposed budget is received, we decide whether Issue Fund Grants are available for use based on factors identified in the agreement. We have the authority to accept, deny or partially deny the request, and may place reasonable conditions on the grant.

ICNU became precertified on August 21, 2003, in Order No. 03-502. ICNU's proposed budget includes the requisite information and reflects the current schedule adopted in this docket.

In light of the issues being addressed, the complexity of the issues, the significant policy decisions to be made, and the circumstances that brought about this request, we believe that ICNU's proposed budget is reasonable and should be approved.

**ORDER**

IT IS ORDERED that:

1. The Industrial Customers of Northwest Utilities' proposed budget for an Issue Fund Grant is approved.
2. An Issue Fund Grant is approved up to \$7,800.
