**DISPOSITION: PROPOSED BUDGET FOR ISSUE FUND
GRANT APPROVED**

On December 16, 2008, the Industrial Customers of Northwest Utilities (ICNU) filed a proposed budget for an Issue Fund Grant in this proceeding. ICNU's proposed budget shows eligible expenses in the amount of \$18,875; and it seeks an Issue Fund Grant in the amount of \$15,100, split equally between the 2009 Issue Fund Grant Accounts of PacifiCorp dba Pacific Power (Pacific Power) and Portland General Electric Company (PGE).

The First Amended and Restated Intervenor Funding Agreement (IFA), approved by the Commission in Order No. 07-564, provides that precertified intervenors must submit a proposed issue fund budget to the Commission that contains, at a minimum, the following information:

- 1) A statement of the work to be performed;
- 2) A description of the areas to be investigated;
- 3) A description of the particular customer class(es) that will benefit from the intervenor's participation;
- 4) Identification of the specific fund accounts from which the intervenor is seeking monies and an estimate of the amount of available funds in that account;
- 5) A budget showing estimated attorney, consultant and expert witness fees, which may include the cost for appropriate support staff and operations support; and
- 6) A representation that the intervenor will use matching funds in the form of either in-house resources or outside funding to account for or pay at least 20 percent of the eligible expenses for which the intervenor is seeking an Issue Fund Grant.

Once a proposed budget is received, we decide whether Issue Fund Grants are available for use based on factors identified in the agreement. We have the authority to accept, deny or partially deny the request, and may place reasonable conditions on the grant.

ICNU became precertified on August 21, 2003, in Order No. 03-502. ICNU's proposed budget includes the requisite information and reflects the current schedule adopted in this docket. There are limited funds available in the PGE Issue Fund for the remainder of this year; however, ICNU's request does not exceed the amount available in PGE's Issue Fund for this year. The Commission reviewed its open dockets pertaining to PGE and found none for which proposed budgets were due by this year's end.

In light of the issues being addressed, the complexity of the issues and the significant policy decisions to be made, we believe that ICNU's proposed budget is reasonable and should be approved.

ORDER

IT IS ORDERED that:

1. The Industrial Customers of Northwest Utilities' proposed budget for Issue Fund Grants is approved.
2. Issue Fund Grants are approved totaling up to \$15,100, to be split equally between the 2009 PacifiCorp dba Pacific Power (Pacific Power) Issue Fund and the 2009 Portland General Electric Company Issue Fund.

Made, entered, and effective DEC 18 2008.
