

**BEFORE THE PUBLIC UTILITY COMMISSION
OF OREGON**

CP 1377

In the Matter of the Cancellation of the)
Certificate of Authority Held by WTI LLC.) ORDER

DISPOSITION: CERTIFICATE OF AUTHORITY CANCELLED

On August 21, 2007, WTI LLC was granted a certificate of authority to provide telecommunications service in Oregon as a competitive provider. See Order No. 07-370.

WTI LLC has failed to file the 2nd Quarter 2008 OUS2 report to comply with Oregon Universal Service Fund requirements per ORS 759.425.

ORS 756.515(4) provides that the Commission may, after investigation, but without hearing, make such findings and orders as deemed justified by the results of the investigation. In view of the foregoing, the Commission determined at its December 23, 2008, Public Meeting that the certificate holder has failed to comply with Commission rules and terms of the certificate. The certificate of authority to provide telecommunications service should be cancelled, per OAR 860-032-0008(2). The company is reminded that because it had a certificate of authority for one or more days during 2008, it is required to file an annual fee statement and pay a minimum of \$100 for that year.

The Commission notes that this is the third time it has canceled a certificate held by the certificate holder. Additional requirements will be imposed before another application will be considered. Before the Commission will process any future application for certification or request for reconsideration, the certificate holder must fully comply with Commission rules. Any future application or request for reconsideration must include:

1. Payment of all revenue fees, including all applicable late fees, owed for each calendar year of operation as a certified telecommunications provider pursuant to ORS 756.310(4)(a), in accordance with Commission requirements;
2. Confirmation of compliance with Oregon Universal Service Fund (OUSF) requirements pursuant to ORS 759.425 and OAR 860-032-0610 through 860-032-0660. All OUSF reports, contributions, late payment penalties, interest and late statement fees are due and owing for all quarters of operation, regardless of whether the telecommunications service provider held a certificate for the applicable period(s),

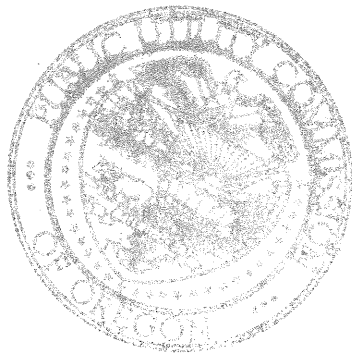

3. Annual reports for each calendar year of operation as a certified telecommunications provider pursuant to OAR 860-032-0060; and
4. A letter to the Commission describing specific, detailed plans WTI LLC has in place to ensure all Commission rules are followed.

To summarize, the certificate holder must include: (a) all fees and documents for each year of operation it held a valid certificate of authority from this Commission, and (b) all OUSF reports, contributions, penalties, interest and late fees as set forth in number (2) above regardless of whether the telecommunications service provider held a certificate for the applicable period(s). If the certificate holder fails to include these items with its application or request for reconsideration, the Commission will deem the application or request for reconsideration incomplete and return it.

If WTI LLC fails to fulfill its regulatory obligations, the Commission may conclude that it is not in the public interest to process a future application for re-certification as a competitive provider.

IT IS ORDERED that the certificate of authority held by WTI LLC is cancelled.

Made, entered, and effective DEC 29 2008.
