DISPOSITION: DOCKET CLOSED

On May 4, 2009, Harvard Optical Lab (Complainant) filed a formal Complaint against AT&T Communications of the Pacific Northwest, Inc. (AT&T) alleging difficulties and billing issues that Complainant experienced after trying to transfer his business to another provider. On June 16, 2009, a telephone conference was held to discuss the status of the docket. At the conference, parties agreed to continue to discuss their billing issues informally in order to resolve outstanding questions regarding Complainant's account with AT&T. Administrative Law Judge Pines directed parties to notify her of any remaining issues by July 18, 2009, and if none were received, she would close the docket. No notice has been received. The docket will be closed.
