ORDER

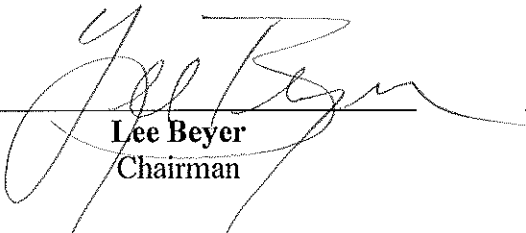

**DISPOSITION: MOTION FOR WAIVER AND TO AMEND
SCHEDULE GRANTED**

On February 10, 2010, the Staff of the Public Utility Commission of Oregon (Staff) filed a motion seeking a waiver of the requirement in OAR 860-083-0400(8) that Staff and other interested parties file comments to the Renewable Portfolio Standard Implementation Plans within 45 days of their filings by the utilities. Because the plans filed in these dockets are the first to be processed under the Renewable Portfolio Standards, Staff would like additional time for review. Staff requests that the schedule be amended to allow opening comments to be filed on March 2, 2010, and reply comments by the utilities to be filed by April 1, 2010. Despite the change in dates, Staff states that the Commission would still consider these matters as its April 27, 2010, Public Meeting. Staff adds that it contacted Portland General Electric Company (PGE), PacifiCorp, dba Pacific Power, and the Citizens' Utility Board of Oregon, and that no one objected to the request.

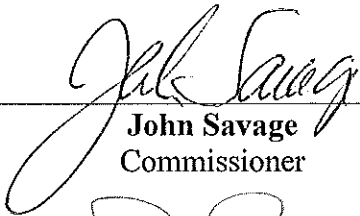

Staff's request for waiver of the 45-day filing requirement set forth in OAR 860-083-0400(8) is granted. *See* OAR 860-083-0005(2). Staff and other interested parties may file comments to PGE's and Pacific Power's Renewable Portfolio Standard

Implementation Plans by March 2, 2010. PGE and Pacific Power may file responses by April 1, 2010.

Made, entered, and effective FEB 11 2010.
