In the Matter of

AVISTA CORPORATION, dba AVISTA  
UTILITIES

ORDER

Request for a General Rate Increase.

**DISPOSITION: ISSUE FUND GRANT REQUEST APPROVED**

On April 1, 2011, the Northwest Industrial Gas Users (NWIGU) filed with the Public Utility Commission of Oregon (Commission) a Request for Payment of its Issue Fund Grant from Avista Corporation dba Avista Utilities (Avista Utilities). Section 7.3 of the First Amended and Restated Intervenor Funding Agreement (Agreement), adopted by the Commission in Order No. 07-564, governs the procedures for payment of Issue Fund Grants. NWIGU was precertified to receive Issue Fund Grants on February 3, 2004, in Order No. 04-055.

NWIGU asks for a final payment of \$17,048.04 from the Avista Utilities Issue Fund of Avista Utilities and states that the remaining balance of the approved budget may be released back to the 2011 Issue Fund of Avista Utilities<sup>1</sup>. Under the Agreement, the Request for Payment must:

- 1) Itemize the expenses, payees and hourly rates of amount to be reimbursed;
- 2) Demonstrate that the expenses are reasonable and are directly attributable to issues and positions pursued on behalf of a particular customer class and consistent with the intervenor's proposed budget;
- 3) Provide information sufficient to show that the intervenor has complied with any conditions imposed on the Issue Fund Grant; and

---

<sup>1</sup> Because of the limited availability of funds in the 2010 Avista Issues Fund, the proposed budget was approved for \$15,000 from the 2010 Avista Issues Fund and \$19,532 from the 2011 Avista Issues Fund. See Order No. 10-471.

- 4) Specify whether the request for payment is for a progress payment or a final payment and indicate whether any approved budget amount may be released back to the applicable Issue Fund.

Further, under the terms of the Agreement, NWIGU must establish that it has "used in-house resources or outside funding for at least 20% of the Eligible Expenses for an Eligible Proceeding." Agreement at 15. NWIGU provided the required documentation in its request.

The Agreement provides that the Commission shall make a determination in each proceeding as to how the participating utilities are to recover the funding grants from the various customer classes. Pursuant to Section 7.7(b), Issue Fund Grants should be allocated so as to fairly align the costs of the advocacy with the intended potential beneficiaries of the advocacy. Agreement at 23. We have considered the intended beneficiaries, and find that the issue fund expenditures should be allocated to the industrial customers of Avista Utilities.

We find that NWIGU has met the requirements of the Agreement, and its request should be approved. Section 7.8 of the Agreement provides that the utility shall pay the Issue Fund Grant to the requesting intervenor within 30 days after receipt of Commission directive. The balance of the approved budget should be made available to the Avista Utilities Issue Fund provided no party request clarification or reconsideration of Order No. 11-080 within the appropriate timeframe.
