

ORDER NO. 12 025

ENTERED JAN 30 2012

**BEFORE THE PUBLIC UTILITY COMMISSION
OF OREGON**

CP 1180

In the Matter of

IDT AMERICA CORP.

Application for a Certificate of Authority
to Provide Telecommunications Service in
Oregon and Classification as a Competitive
Provider.

ORDER

DISPOSITION: CANCELLATION ORDER RESCINDED

On November 5, 2003, the Commission granted a certificate of authority to IDT America Corp (IDT) to provide telecommunications service in Oregon as a competitive provider. See Order No. 03-646. The company had a previous docket. See docket CP 538, Order No. 98-462.

Oregon telecommunications providers are required to provide requested information to the Commission. After investigation, the Commission found that IDT failed to comply with Oregon Universal Service Fund requirements per ORS 759.425. The responsibility to respond to Commission requests for information or comply with any Commission rule is clearly stated at the time a certificate is granted to a competitive provider. Failure to comply with this obligation may result in the company's certificate of authority being canceled. If a certificate of authority is canceled, a company has the statutory right to request reconsideration.

At the December 6, 2011, public meeting, the Commission determined that IDT's certificate of authority should be canceled. IDT's certificate of authority was canceled in Order No. 11-500. On January 10, 2012, IDT filed a request to suspend Order No. 11-500, claiming it had complied with the Commission's rules and regulations. A review of the Commission's records indicates that IDT filed the requested information but too late to prevent being canceled. However, given that the information is now up-to-date, the cancellation order should be rescinded.

The Commission has canceled a previous certificate of authority. IDT requested additional services to their certificate of authority allowing the Commission to cancel

IDT's first certificate of authority (CP 539) and combine the additional services into the present certificate of authority, CP 1180.

The Commission reminds the company that the granting of a certificate places responsibility on the company to fully comply with Commission rules. The company must undertake a plan to prevent the certificate being canceled again. If IDT again fails to fulfill its regulatory obligations and the certificate is canceled, the Commission may conclude that it is not in the public interest to process a future application for recertification as a competitive provider.

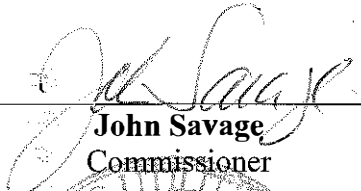

The Commission expects all companies to comply with the requirements of certification, including submitting all reports and payments on time. Should the company request reconsideration of this order or apply for new authority, it must fully comply with all Commission rules. Any future application or request for reconsideration must include as applicable:

1. An explanation of why the company was unable to comply with the Commission rules;
2. A detailed plan of action, including specific measures the company has put in place to prevent future noncompliance and the name and contact information of the responsible party;
3. Proof of payment of all outstanding revenue fees, including late payment fees, owed for each calendar year of operation pursuant to ORS 756.310(a), in accordance with Commission requirements;
4. Proof of compliance with Oregon Universal Service Fund requirements pursuant to ORS 759.425; and
5. Proof of filing of any outstanding annual reports pursuant to OAR 860-032-0060.

IT IS ORDERED that Order No. 11-500 canceling the certificate of authority of IDT America Corp, is rescinded.

Made, entered, and effective JAN 30 2012.
