

ORDER NO. 12 4 10

ENTERED OCT 29 2012

**BEFORE THE PUBLIC UTILITY COMMISSION  
OF OREGON**

CP 1517

In the Matter of

ONVOY, INC.

Application for a Certificate of Authority  
to Provide Telecommunications Service in  
Oregon and Classification as a Competitive  
Provider.

ORDER

**DISPOSITION: CANCELLATION ORDER RESCINDED**

On January 13, 2012, the Commission granted a certificate of authority to Onvoy, Inc. (Onvoy) to provide telecommunications service in Oregon as a competitive provider. See Order No. 12-010.

Oregon telecommunications providers are required to provide requested information to the Commission. After investigation, the Commission found that Onvoy failed to complete a Surcharge Exception Form to comply with Residential Service Protection Fund rules pursuant to ORS 290, Section 7, Oregon Laws 1987, and OAR 860-033-0006. The responsibility to respond to Commission requests for information or comply with any Commission rule is clearly stated at the time a certificate is granted to a competitive provider. Failure to comply with this obligation may result in the company's certificate of authority being canceled. If a certificate of authority is canceled, a company has the statutory right to request reconsideration.

At the September 25, 2012, public meeting, the Commission determined that Onvoy's certificate of authority should be canceled. Onvoy's certificate of authority was canceled in Order No. 12-383. On October 18, 2012, Onvoy filed a request to suspend Order No. 12-383, claiming it had complied with the Commission's rules and regulations. A review of the Commission's records indicates that Onvoy filed the requested information but too late to prevent being canceled. However, given that the information is now up-to-date, the cancellation order should be rescinded.

The Commission reminds the company that the granting of a certificate places responsibility on the company to fully comply with Commission rules. The company

must undertake a plan to prevent the certificate being canceled again. If Onvoy again fails to fulfill its regulatory obligations and the certificate is canceled, the Commission may conclude that it is not in the public interest to process a future application for recertification as a competitive provider.

The Commission expects all companies to comply with the requirements of certification, including submitting all reports and payments on time. The company should review its procedures and make corrections to ensure that these obligations are met in a timely manner. Any future application or request for reconsideration must include as applicable:

1. An explanation of why the company was unable to comply with the Commission rules;
2. Proof of payment of all outstanding revenue fees, including late payment fees, owed for each calendar year of operation pursuant to ORS 756.310(a), in accordance with Commission requirements;
3. Proof of compliance with Oregon Universal Service Fund requirements pursuant to ORS 759.425;
4. Proof of filing of any outstanding annual reports pursuant to OAR 860-032-0060; and
5. Proof of compliance with Residential Service Protection Fund requirements pursuant to ORS 290, Section 7, Oregon Laws 1987, and OAR 860-033-0006.

Onvoy sent the required information to the Commission after the due date and after notification that its certificate was being canceled. The information did not arrive in time to prevent the certificate from being canceled, but was subsequently received. The company indicates that it is providing telecommunications service in Oregon and requests the cancellation order be rescinded. Given that the company is currently in compliance with the Commission rules and is currently serving customers in Oregon, Order No. 12-383, canceling Onvoy's certificate of authority, should be rescinded.
