

**BEFORE THE PUBLIC UTILITY COMMISSION  
OF OREGON**

UW 153

In the Matter of

OLD SHEEP RANCH WATER  
ASSOCIATION,

Request for a General Rate Revision.

RULING

DISPOSITION: STIPULATION ADOPTED; RATE INCREASE  
APPROVED

**I. SUMMARY**

In this order, we adopt the stipulation between Old Sheep Ranch Water Association (the Association), Intervenor Marc Edwards, and the Commission Staff and adopt tariff sheets setting residential customer base rates, single tier commodity rates, and other charges.

**II. BACKGROUND AND PROCEDURAL HISTORY**

The Association, located in Langlois, Oregon, is a nonprofit, mutual benefit corporation providing domestic water service to its approximately 37 residential member customers. The Association came under Commission jurisdiction by member petition on January 27, 2008 in docket WJ 17, approved by Commission Order No. 08-111. The Association's current rates were established in 2008 in docket UW 129 by Order No. 08-514.

On May 1, 2013, the Association filed a request for a general rate revision, Advice No. 13-6, requesting an effective date of June 5, 2013. In Order No. 13-192, the Commission found good and sufficient cause to investigate the tariffs under ORS 757.210 and 757.215, and the tariffs were suspended for a nine-month period.

On July 9, 2013, a public comment open house and a prehearing conference in this docket were held in Bandon, Oregon. The Association was represented at the conference and members of the Commission Staff (Staff) were also present. Marc Edwards, a member of the Association moved to intervene and become a party to the proceeding, and, without objection, the motion was granted by the administrative law judge (ALJ). The parties agreed upon a schedule for the proceeding, which the ALJ adopted.

On November 27, 2013, the parties jointly filed a stipulation and Staff filed direct testimony in support of the stipulation. The stipulation is attached to this order as Appendix A. A motion to suspend procedural schedule was filed by Staff on December 3, 2013 and by ruling of December 5, 2013, the ALJ granted the motion.

### III. THE INITIAL APPLICATION

The Association had 2012 test year annual revenues of \$13,719. The Association proposed an overall increase of 34.2 percent or \$4,693 resulting in a revenue requirement of \$18,412 to recover unusual legal and repair expenses that were paid from the company's reserve account. The application proposed a total rate base of \$19,624. As a non-profit association, the Association proposed a zero percent return on rate base. The Association serves only residential customers. Its current rates and the rates proposed in its general rate filing are as follows:

#### Current Rates

Base Rate	\$25.70 per meter	No usage included
Commodity Rate	\$1.56 per 1,000 gallons	For all usage

The current average annualized monthly bill is \$29.47.

#### Proposed Rates

Base Rate	\$29.03 per meter	No usage included
Commodity Rate	\$4.18 per 1,000 gallons	For all usage

The proposed average annualized monthly bill would be \$41.47. The Association also filed a miscellaneous service charges tariff and the Association's rules and regulations.<sup>1</sup>

### IV. STAFF'S ANALYSIS

Staff notes that it is not appropriate for non-profit associations to earn a rate of return on their capital investment and that other means must be found to raise capital for repairs and improvements.<sup>2</sup> Staff recommends approval of a specific annual Reserve Account Expense of \$4,500 to replenish the Association's existing Reserve Account. The greater the number of risk factors the greater the need for a higher reserve fund. Staff reviewed the age and condition of the system and recommends a benchmark reserve account to be a minimum of six months of the annual operating expenses. However, the by-laws of the Association specify that a higher reserve—\$50,000—should be maintained.<sup>3</sup> The beginning test year reserve account balance was \$68,403.23, and extraordinary expenses paid from the reserve account reduced the balance to \$17,159. Staff recommends \$4,500 per year to replenish the account should be included in rates, realizing that funds must be built up to the \$50,000 limit over time, while avoiding rate shock.<sup>4</sup> The fund should be used only for major repairs,

<sup>1</sup> Staff/100, Hari/5.

<sup>2</sup> *Id.* at 7-8.

<sup>3</sup> *Id.* at 9.

<sup>4</sup> *Id.*

emergencies and capital expenditures and the Association should file an annual report with the Commission on reserve fund transactions.<sup>5</sup> The funds should be treated as Contributions In Aid of Construction (CIAC) and not included in the utility plant rate base, as required by OAR 860-036-0756(3).<sup>6</sup>

Although Staff proposed no changes to the Association's revenues, it made a number of adjustments to expenses which are described in Staff's testimony, summarized by the following table:

Account	Association Proposal	Association Test Year	Staff Adjustments	Staff Proposal
O&M	\$2,279	\$2,279	(\$1,873)	\$406
Repairs (Amortized)	\$4,560	\$4,560	(\$4,319)	\$241
Legal (Amortized)	\$6,170	\$1,875	(\$773)	\$1,143
Reserve Account	\$0	\$0	\$4,500	\$4,500
Contract Labor	\$2,502	\$2,502	(\$2,327)	\$175
Contract Other	\$540	\$540	(\$540)	\$0
Contract Mgt. Fee	\$750	\$750	\$750	\$1,500
<b>TOTALS</b>	<b>\$17,881</b>	<b>\$13,406</b>	<b>(\$4,542)</b>	<b>\$8,505</b>

In addition, Staff examined the Association's utility plant records, bringing the company's plant and depreciation up to date.<sup>7</sup>

Staff also examined the Association's proposed rate design with the primary goal of implementing a design that encourages conservation and retains affordability of services for customers. Staff also addressed the need to reflect the high degree of seasonal usage and still provide for payment of expenses during the low-usage winter months. These factors required an allocation of revenues between the base rate and the commodity rate which provided reasonableness, prudence, customer acceptance and an incentive to conserve water usage. Consequently Staff recommends a 75 percent allocation of revenue to the base rate (\$12,416) and a 25 percent allocation to the commodity rate of \$3.05 per thousand gallons (\$4,139) based upon the customer's average usage of 3,055 gallons per month, with no inclusion of water usage within the base rate. Based on average usage, a customer's total average monthly bill is \$37.28.<sup>8</sup>

<sup>5</sup> *Id.* at 10.

<sup>6</sup> *Id.* at 11.

<sup>7</sup> See Staff/101, Hari/4-5.

<sup>8</sup> Staff/100, Hari/14-16.

## V. THE STIPULATION

The parties agreed to support Staff's proposed revenue requirement of \$16,555 and the rate design providing a monthly base rate of \$27.96 and a commodity rate of \$3.05 per thousand gallons per month.<sup>9</sup> The changes in rates are summarized in the following tables:

### Current Rates

Base Rate	\$25.70 per meter	No usage included
Commodity Rate	\$1.56 per 1,000 gallons	For all usage

### Stipulated Rates

Base Rate	\$27.96 per meter	No usage included
Commodity Rate	\$3.05 per 1,000 gallons	For all usage

The parties agree that the monthly base rate will be sufficient to cover expenses during low-usage winter months.<sup>10</sup>

The impact of Staff's rate design on the customers, and agreed upon by the parties, is a monthly increase for a customer with no usage of 8.81 percent and, for a customer with average usage, a monthly bill increase of 22.36 percent. A customer using 10,000 gallons per month will pay a 41.53 percent higher bill.<sup>11</sup>

## VI. CONCLUSION

The Commission admits the stipulation and staff's direct testimony into the record in this docket. The Commission finds that the proposed revenue requirement and rate structure changes set forth in the stipulation are fair and reasonable and should be approved.

## VII. ORDER

IT IS ORDERED that:

1. The stipulation, attached to this order as Appendix A, between Old Sheep Ranch Water Association, Marc Edwards, and the Staff of the Public Utility Commission of Oregon, is adopted.
2. Advice No. 13-6 is permanently suspended.
3. Old Sheep Ranch Water Association is directed to file revised tariffs as set forth in the stipulation to become effective January 1, 2014.

<sup>9</sup> *Id.* at 17.

<sup>10</sup> *Id.*

<sup>11</sup> *Id.* at 18.

4. On February 1, 2015 and on February 1 of every year thereafter, Old Sheep Ranch Water Association shall file an Annual Reserve Account Report with the Public Utility Commission of Oregon for the preceding year showing all transactions by month in line item format, including date, deposits, supplier, amount and a description of the item, service or project for each transaction.
5. Old Sheep Ranch Water Association shall file a general rate case with the Public Utility Commission of Oregon on or before January 1, 2017.

DEC 30 2013

Made, entered, and effective \_\_\_\_\_.

**Susan K. Ackerman**  
Chair

**John Savage**  
Commissioner

**Stephen M. Bloom**  
Commissioner

A party may request rehearing or reconsideration of this order under ORS 756.561. A request for rehearing or reconsideration must be filed with the Commission within 60 days of the date of service of this order. The request must comply with the requirements in OAR 860-001-0720. A copy of the request must also be served on each party to the proceedings as provided in OAR 860-001-0180(2). A party may appeal this order by filing a petition for review with the Court of Appeals in compliance with ORS 183.480 through 183.484.

BEFORE THE PUBLIC UTILITY COMMISSION  
OF OREGON  
UW 153

In the Matter of )  
Old Sheep Ranch Water Association ) STIPULATION  
Application for General Rate Increase )

Old Sheep Ranch Water Association (Old Sheep or Association) appearing by and through its board members, Roxanne Long, President, and Carol Hart, Secretary-Treasurer; the Public Utility Commission of Oregon Staff (Staff) appearing by and through its attorney, Jason W. Jones, Assistant Attorney General; and Intervener Marc Edwards (Intervener); hereafter collectively referred to as the Parties, enter into this Stipulation in resolution of all issues in the case.

1.

The Parties support entering into evidence, without requiring any Party to lay a foundation for its admission, this Stipulation and Attachments A (revenue requirement) and B (tariffs) to this Stipulation and Staff's written testimony and exhibits marked as Staff/100, Hari/1-19; Staff/101, Hari/1-8; and Staff/102, Hari/1.

2.

The Parties support and recommend the Commission adopt an overall 20.7 percent increase over 2012 test year revenues. The increase results in a total revenue requirement of \$16,555 and a net operating income of \$0. Additionally, the Parties support and recommend the Commission adopt a zero percent return

1 on rate base of \$19,470. The stipulated revenue requirement is included as  
2 Attachment A to this Stipulation.

3 3.

4 The Parties agree to and support the stipulated rates, fees, rules and  
5 regulations contained in Old Sheep's tariff sheets designated as PUC Oregon No.  
6 2, Original Sheets Nos. 1 through 19. See Attachment B to this Stipulation.

7 4.

8 The Parties agree to and support a monthly residential customer base rate  
9 of \$27.96 and a single-tiered commodity rate of \$3.05 per each 1,000 gallons of  
10 water use as set forth in tariff sheet designated as PUC Oregon No. 2, Schedule  
11 No. 1, Original Sheet No. 3, for metered customers.

12 6.

13 The Parties agree to and support Old Sheep's Miscellaneous Services  
14 Charges as set forth in the tariff sheet designated PUC Oregon No. 2, Schedule  
15 No. 2, Original Sheet No. 4. This includes a change regarding the Returned Check  
16 Charge (Rule No. 23) from a flat \$30 fee per incident to the actual bank charge per  
17 incident.

18 7.

19 The Parties agree to and support that the Association will deposit \$4,500 of  
20 revenue per year into its reserve account. The Parties agree to and support that  
21 use of the reserve account is limited to improvements, repairs, and emergencies.

22 8.

23 The Parties agree to and support the following conditions:

1 A. Old Sheep Ranch will file a rate case with the Commission on or before  
2 January 1, 2017.

3 B. Old Sheep Ranch will file a reserve account annual report to the Commission  
4 in conjunction with its annual report. The report will include a record of the  
5 previous year's reserve account deposits and expenditures, including the date,  
6 description, and amount of each transaction in line item format.

7 9.

8 The Parties agree to and support the rates being effective for service  
9 rendered on January 1, 2014.

10 10.

11 By entering into this Stipulation, no Party shall be deemed to have  
12 approved, accepted, or consented to the facts, principles, methods, or theories  
13 employed by any other Party in arriving to this Stipulation.

14 11.

15 The Parties have negotiated this agreement in good faith and recommend  
16 that the Commission adopt this Stipulation in its entirety. The Parties have  
17 negotiated this Stipulation as an integrated document. Accordingly, if the  
18 Commission rejects all or any material portion of this Stipulation, each Party  
19 reserves the right, upon written notice to the Commission and all Parties to this  
20 proceeding within 15 days of the date of the Commission's order, to withdraw from  
21 the Stipulation and request an opportunity for the presentation of additional  
22 evidence and argument.

**SCHEDULE NO. 2**

**MISCELLANEOUS SERVICE CHARGES**

This schedule lists the miscellaneous charges included in the utility's Rules and Regulations; refer to the appropriate rules for an explanation of charges and conditions under which they apply.

Connection Charge for New Service (Rule Nos. 8 & 9)

Standard 3/4-inch service	At cost
Nonstandard 3/4 inch service	At cost
Larger than 3/4-inch	At cost
Irrigation hookup (if provided on separate system)	At cost

Meter Test (Rule No. 21)

First test within 12-month period	N/C
Second test within 12-month period	\$40

Pressure Test (Rule No. 41)

First test within 12-month period	N/C
Second test within 12-month period	\$40

Late-Payment Charge (Rule No. 22)

Pursuant to OAR 860-036-0130  
(as of 1/1/13 – 1.8%)

Deposit for Service (Rule No. 5)

Pursuant to OAR 860-036-0040(2)  
(as of 1/1/13 – 0.2%)

Returned-Check Charge (Rule No. 23)

Actual bank charge per incident

Trouble-Call Charge (Rule No. 37)

During normal office hours	\$25 per hour
After normal office hours on special request	\$35 per hour

Disconnection/Reconnect Charge (Rule Nos. 29 & 30)

During normal office hours	\$50
After normal office hours on special request	\$50

Unauthorized Restoration of Service (Rule No. 31)

Reconnection charge plus costs

Damage/Tampering Charge (Rule No. 35)

At cost

Disconnect Site-Visit Charge (Rule No. 30)

\$20

## RULES AND REGULATIONS

Rule 1: Jurisdiction of the Commission

The Rules and Regulations contained herein shall be subject to the rules and regulations of the Public Utility Commission of Oregon.

Rule 2 Definitions

~~A. Utility shall mean Old Sheep Ranch Water Association~~

- B. "Applicant" shall mean any person, business, or organization that applies for service or reapplies for service at a new or existing location after service has been discontinued, except as noted in the definition of "Customer."
- C. "Commission" shall mean the Public Utility Commission of Oregon.
- D. "Customer" shall mean any person, business, or organization who has applied for, been accepted to receive, or is currently receiving service. A customer who voluntarily discontinues service at the same or different premises within 20 (twenty) days after discontinuance retains customer status.
- E. "Residential customer premises" shall mean any dwelling and its land including, but not limited to, a house, apartment, condominium, townhouse, cottage, cabin, mobile home, or trailer house.
- F. "Commercial customer premises" shall mean any premises at which a customer carries on any major activity of gaining a livelihood or performing a public service. Such activity may be of a business, industrial, professional, or public nature.
- G. "Main" shall mean the pipe laid in the street, alley, or other right-of-way for the distribution of water to customers. It shall not include service lines.
- H. "Service connection" shall mean the pipe, stops, fittings, meter, and meter box laid from the main to the property line of the premises served.
- I. "Customer line" shall mean the pipe, stops, and fittings leading from the property line to the premises served.
- J. "Point of Delivery" is the property line or the outlet swivel/union of the meter defining where the service connection stops and the customer line starts.

### APPLICATION FOR SERVICE

Rule 3: Customer/Applicant Information (OAR 860-036-0015)

The Utility shall provide or be able to provide customers or applicants with the following information:

- A. Instructions on how to read meters, either in writing or by explanation;
- B. Application and contract forms;
- C. Utility rules and regulations;
- D. Commission rules and regulations;
- E. Approved tariffs or statement of rates, whichever is applicable;
- F. Rights and Responsibilities Summary for Oregon Utility Consumers;
- G. Notices in foreign languages, if applicable;
- H. The Utility's business address, telephone number, and emergency telephone number;
- I. Notices approved by the Commission.

Rule 4: Application for Service (OAR 860-036-0035)

Application for water service must be made for each individual service. The application shall identify the applicant, the premises to be served, the billing address if different, the type of use to which the water is to be put, and an agreement to conform to the Rules and Regulations of the Utility as a condition for receiving such service. The applicant shall, at this time, pay any scheduled fees or deposits. An application is a request for service and shall not be accepted until the applicant establishes credit as set forth in OAR 860-036-0040.

An application for service must be made where:

- A. An applicant, who has not previously been served by the Utility, requests service; or
- B. Service has been involuntarily discontinued in accordance with the Utility and Commission rules, and service is requested; or
- C. Service has been voluntarily discontinued and a request to restore service has not been made within 20 days; or
- D. There is a change in the type of use to which the water is put, or the number of premises served.

Rule 5: Establishment of Credit and Deposits (OAR 860-036-0040, 0045, 0050, and 0055)

In accordance with the Commission's rules for credit establishment and deposits, an applicant for new service or a customer seeking continued service may be required to make a deposit to secure payment of bills for service. The deposit shall not exceed one-sixth (1/6) the amount of reasonable estimated

Issue Date / Filing Date		Effective for Service on or after	January 1, 2014
Issued By Utility

~~Old Sheep Ranch Water Association~~

billings for one year's use of service at the premises during the prior year or upon the type and size of the customer's equipment that will use the service. (OAR 860-036-0040 and 0045)

The Utility shall pay interest on deposits at the rate established by the Commission. After the customer has paid its water service bills for 12 consecutive months without having had service discontinued for nonpayment, or did not have more than two occasions in which a shut-off notice was issued, and the customer is not then delinquent in the payment of bills, the Utility shall promptly and automatically refund the deposit plus accrued interest by (OAR 860-036-0050 and 0055):

Issuing the customer a refund check.

Rule 6: Customer Service Line

The customer shall own and maintain the customer service line and promptly repair all breaks and leaks. For non-metered service, the customer service line begins at the property line or utility-owned shut off valve. For metered service, the customer service line begins on the customer's side of the meter or utility-owned shut off valve. The Utility shall not be responsible for any damage or poor service due to inadequacy of the customer line or any portion of the customer's plumbing. All leaks in the customer line, faucets, and all other parts of the plumbing owned or controlled by the customer shall be promptly repaired so as not to waste water.

Rule 7: Separate Control of Service

All premises supplied with water will be served through service lines so placed as to enable the Utility to control the supply to each individual premise using a valve placed within and near the line of the street, the Utility right-of-way, or at the meter.

Rule 8: Service Connections (OAR 860-036-0060)

The service connection is that portion of the water system between the Utility's main line and the customer's property line, including all material and installation (hot tap, pipes, fittings, meter, etc.) necessary to provide water service to the customer. The Utility shall own, operate, maintain, and replace the service connection when necessary and promptly repair all breaks and leaks. The customer shall not be responsible for any damage or poor service due to inadequacy of the Utility's service lines or any portion of the Utility's plumbing.

- A. The Utility may pay for and install the service connection and meter and, generally all materials and labor are included in rate base; or
- B. The Utility may purchase and install the service connection and charge the customer the cost of the service connection less the cost of the meter. Generally, the cost of the meter is included in rate base; or

Issue Date / Filing Date		Effective for Service on or after	January 1, 2014
Issued By Utility			

Advice No. \_\_\_\_\_  
(FOR PUC USE ONLY)

~~Old Sheep Ranch Water Association~~

- C. The customer may pay for the meter and contribute or gift the meter to the Utility. Contributions of this type are generally excluded from rate base.
- D. In special cases and upon approval by the Commission, a customer may purchase and install the service connection (including meter, meter box, parts, and all excavation and plumbing) and contribute or gift the entire service connection to the Utility. Contributions of this type are generally excluded from rate base.

Rule 9: Service Connection Charge

An applicant requesting permanent water service to a premise not previously supplied with permanent service by the Utility may be required to pay the cost of the service connection, including or excluding the meter as provided in Rule No. 8 and the Utility's Miscellaneous Service Charges in this tariff.

Rule 10: Main Line Extension Policy (OAR 860-036-0065)

The Utility shall specify the size, character, and location of pipes and appurtenances in any main line extension. Main line extensions shall normally be along streets, roads, highways, or other satisfactory rights-of-way. All construction work shall conform to all applicable rules, regulations, codes, and industry standards. Each main line extension shall normally extend along applicant's property line to the point the applicant's service line would be at a 90-degree angle to the street or main line.

Rule 11: Main Line Advances and Refunds Policy

Each new customer requesting a main line extension shall advance the Utility the cost-based amount necessary to extend the main line to provide service.

~~For a period of 5 years~~ after construction of the requested main line extension, the Utility shall also collect from any additional applicants whose connect to the main line extension an amount per foot equal to the new applicant's proportionate share of the main line extension cost for that portion used. The Utility will then refund the share differential amount to those customers who previously shared the cost of said main line extension. Refunds shall not exceed the amount originally advanced.

No part of the distribution system installed prior to the request for a main line extension shall be used to calculate any customer advance or refund.

Issued By Utility			

Advice No. \_\_\_\_\_  
(FOR PUC USE ONLY)

PUC Oregon No. 2  
~~Old Sheep Ranch Water Association~~

Original Sheet No. 9

Rule 12: Types of Use

Water service may be supplied for residential, commercial, irrigation, temporary construction, special contracts, fire prevention, and other uses. The Utility shall file separate rate schedules for each type of use and basis of supply.

Rule 13: Multiple Residences/Commercial Users

An apartment building, mobile home park, motel, trailer camp, duplex, townhouse, or any property consisting of more than one residential/commercial unit, if served through one service line, shall be considered to be equivalent to the number of dwelling units when determining the customer count.

Rule 14: Utility Access to Private Property (OAR 860-036-0120(3)(b) and OAR 860-036-0205(3))

Customers shall provide access during reasonable hours to utility-owned service lines that may extend onto the premises of the customer for the purposes of reading meters, maintenance, inspections, or removal of Utility property at the time service is to be discontinued. Where the customer does not cooperate in providing reasonable access to the meter or to the premises, as required by law or to determine if a health or safety hazard exists, it is grounds for disconnection.

Rule 15: Restriction on Entering a Customer Residence (OAR 860-036-0085)

No water Utility employee shall enter the residence of its customers without proper authorization except in an emergency when life or property is endangered.

**REFUSAL OF SERVICE**

Rule 16: Refusal of Service Due to Customer Accounts (OAR 860-036-0080(1-3))

The Utility may refuse to serve an applicant until receipt of full payment of overdue amounts, or other obligations related to a prior account of the applicant with the Utility, when the following circumstances exist:

- A. An overdue amount remains outstanding by the applicant at this or another service address; and
- B. The applicant resided at the service address indicated in (A) during the time the overdue charges were incurred; and
- C. The person indicated in (A) will reside at the location to be served under the new application. (OAR 860-036-0080)

Except for residential customers or applicants who were disconnected for theft of service, a water utility shall provide service to a residential applicant upon receipt of payment equal to at least one-half of any

Issue Date / Filing Date		Effective for Service on or after	January 1, 2014
Issued By Utility			

Advice No. \_\_\_\_\_  
(FOR PUC USE ONLY)

~~Old Sheep Ranch Water Association~~

overdue amount. The balance of the amount owed to the utility shall be paid within 30 days of the date service is initiated

Service shall not be refused for matters not related to water service. Residential service shall not be refused due to obligations connected with nonresidential service.

If service is refused under this rule, the Utility shall inform the applicant or customer of the reasons for the refusal and of the Commission's dispute resolution process.

Rule 17: Refusal of Service Due to Utility Facilities (OAR 860-036-0080(7))

The Utility shall not accept an application for service or materially change service to a customer if the Utility does not have adequate facilities or water resources to render the service applied for, or if the desired service is of a character that is likely to unfavorably affect reasonable service to other customers.

For refusal of service under this rule; the Utility shall provide a written letter of refusal to the applicant informing applicant that the details upon which the Utility's decision was based may be requested. A copy of such notice will be sent to the Commission. The details will include, but not be limited to:

- A. Current capacity and load measured in gallons or cubic feet per minute;
- B. Current capacity and load measured in pounds per square inch;
- C. Cost to the Utility for additional capacity in order to provide the additional service; and
- D. Information regarding the appeal process of the Utility's refusal to provide service is available through the Commission's dispute resolution process pursuant to OAR 860-036-0025.

Rule 18: Refusal of Service Due to Customer Facilities (OAR 860-036-0080(4-6))

The Utility shall refuse service to an applicant or customer whose facilities do not comply with applicable plumbing codes or, if in the best judgment of the Utility, are of such a character that safe and satisfactory service cannot be given.

If service is refused under this rule, the Utility will provide written notification to the customer within 10 working days stating the reason(s) for refusal and providing information regarding the Commission's complaint process. A copy of the notification will also be sent to the Commission.

**METERS**

Rule 19: Utility Meters (OAR 860-036-0105)

Issue Date / Filing Date		Effective for Service on or after	January 1, 2014
Issued By Utility			

Advice No. \_\_\_\_\_  
(FOR PUC USE ONLY)

PUC Oregon No. 2

Original Sheet No. 11

~~Old Sheep Ranch Water Association~~

The Utility shall own, maintain, and operate all meters. Meters placed in service shall be adequate in size and design for the type of service, set at convenient locations, accessible to the Utility, subject to the Utility's control, and placed in a meter box or vault between the street curb and property line. Each meter box or vault shall be provided with a suitable cover.

Where additional meters are furnished by the Utility or relocated for the convenience of the customer, a reasonable charge may be made in accordance with a schedule approved by the Commission.

The water Utility shall have the right to set meters or other devices for the detection and prevention of fraud or waste without notice to the customer.

Each customer shall provide the Utility with regular access to the meter on the customer's property. Failure to permit access at reasonable times and after reasonable notice by the Utility requesting access is grounds for disconnection. (OAR 860-036-0120) Should damage result to the meter from molesting, tampering, or willful neglect on the part of the customer, the Utility shall repair or replace the meter and may bill the customer for the reasonable cost. (OAR 860-036-0105(7))

Rule 20: Meter Testing (OAR 860-036-0110)

The meter shall be tested prior to or within 30 (thirty) days of installation to determine it is accurate to register not more than 2 percent error. No meter shall be allowed to remain in service if it registers an error in excess of 2 percent (fast or slow) under normal operating conditions. The Utility shall maintain a record of all meter tests and results. Meter test result records shall include:

- A. Information necessary to identify the meter;
- B. Reason for making the test;
- C. Date of test;
- D. Method of testing;
- E. Meter readings;
- F. Test results; and
- G. Any other information required to permit convenient checking of methods employed.

Rule 21: Customer-Requested Meter Test (OAR 860-036-0115)

A customer may request that the Utility test the service meter. Such test shall be made within 20 working days of the receipt of the request. The customer or the customer's representative has the right to be present during the test, which is to be scheduled at a mutually agreeable time. A written report shall be provided to the customer stating:

- A. Customer's name;
- B. Date of the customer's request;

Issue Date / Filing Date		Effective for Service on or after	January 1, 2014
Issued By Utility

Original Sheet No. 12

~~Old Sheep Ranch Water Association~~

- C. Address at which the meter has been installed;
- D. Meter identification number;
- E. Date of actual test; and
- F. Test results.

The first meter test in a twelve-month period is at no cost to the customer. If a customer requests a meter test more often than once in any 12-month period, the fee listed on the Miscellaneous Service Charges Schedule may be required to recover the cost of the test. If the meter is found to register more than 2 percent fast or slow under conditions of normal operation, the Utility shall refund the fee to the customer.

### BILLING

**Rule 22:** Billing Information & Late-Payment Charge.  
(OAR 860-036-0120, OAR 860-036-0125 & OAR 860-036-0130)

All bills, including closing bills, are due and payable at the Utility office within 15 days when rendered by deposit in the mail or other reasonable means of delivery, unless otherwise specified on the bill. The date of presentation is the date on which the Utility mails the bill.

~~As near as practical meters shall be read monthly intervals.~~ The bill shall be rendered immediately thereafter. (OAR 860-036-0120(3) requires water utilities to bill at monthly intervals. However, a Utility may request, upon application, special authority from the Commission to bill at intervals other than monthly.)

The Utility will keep at least 10 years of all billings records (flat or metered rates) and three years of meter readings. The Utility shall make a reasonable effort to prepare opening and closing bills from actual meter readings. When there is good reason for doing so, estimated bills may be submitted. Any estimated billings shall be clearly designated as such. When requested, the Utility shall demonstrate to the Commission the reason for the estimated billing.

All water service bills shall show:

- A. Beginning and ending meter readings for the billing period;
- B. Beginning and ending dates of the period of service to which the bill applies;
- C. For all metered bills, beginning and ending meter readings for the period for which the bill is rendered;
- D. Number of units of service supplied stated in gallons or cubic feet;
- E. Schedule number under which the bill was computed;
- F. Delinquent date of the bill;
- G. Total amount due; and

Issue Date / Filing Date		Effective for Service on or after	January 1, 2014
Issued By Utility			

Advice No. \_\_\_\_\_  
(FOR PUC USE ONLY)

~~Old Sheep Ranch Water Association~~

H. Any other information necessary for the computation of the bill.

~~All bills become delinquent if not paid within 21 days of the date the Utility mailed or delivered the bill. (OAR 860-036-0125 requires a minimum of 15 days.)~~

A late-payment charge may be assessed against any account that has an unpaid balance when the next bill is being prepared. The charge will be computed on the delinquent balance owing at the time of preparing the subsequent month's bill at the late-payment rate specified in the Miscellaneous Service Charges Schedule. The late-payment rate is determined annually by the Commission, and the Utility will be notified of the rate.

If an account is permitted to become delinquent, the Utility may disconnect water service by giving proper notice to the customer as provided in Rules 28/29, prior to or after the Utility assesses the late payment charge.

Rule 23: Returned Payment Charge

The Returned Payment Charge listed on the Miscellaneous Service Charges Schedule shall be billed for each occasion a customer submits any type of noncash payment (check, debit, electronic, etc.) that is not honored, for any reason, by a bank or other financial institution.

Rule 24: Prorating of Bills

Initial and final bills will be prorated according to the number of days service was rendered and on the basis of a 31-day month. For metered services, a reasonable effort will be made to read the meter upon opening and closing a customer's account. Consumption will be charged at scheduled rates. Any minimum monthly charge will be prorated.

Rule 25: Adjustment of Bills (860-036-0135)

When an underbilling or overbilling occurs, the Utility shall provide written notice to the customer detailing the circumstances, period of time, and the amount of the adjustment. If it can be shown that the error was due to an identifiable cause, the date of which can be fixed, the overcharge or undercharge shall be computed back to such date. If no date can be fixed, the Utility shall refund the overcharge or rebill the undercharge for no more than six months' usage. In no event shall an overbilling or underbilling be for more than three years' usage. No billing adjustment shall be required if a meter registers less than 2 percent error under conditions of normal operation.

When a customer is required to repay an underbilling, the customer shall be entitled to enter into a time-payment agreement without regard to whether the customer already participates in such an agreement. If the customer and the Utility cannot agree upon payment terms, the Commission shall establish terms

Issue Date / Filing Date		Effective for Service on or after	January 1, 2014
Issued By Utility			

Advice No. \_\_\_\_\_  
(FOR PUC USE ONLY)

~~Old Sheep Ranch Water Association~~

and conditions to govern the repayment obligation. The Utility shall provide written notice advising the customer of the opportunity to enter into a time-payment agreement and of the Commission's complaint process.

Rule 26: Transfer Billings (860-036-0140)

If a water utility identifies a balance a customer owes from the customer's prior account for Oregon service, the water utility shall have the option to transfer the amount to the customer's current account. The water utility will give the customer prior notice of the transfer, including:

- A. The amount due under the prior account; and
- B. The period when the balance was incurred; and
- C. The service address under which the bill was incurred.

The utility has the option to send a separate notice to the customer giving the same information, but collecting the amount for the prior account separately from the customer's current account. If the customer has an amount remaining on an existing time-payment agreement, the customer may enter into a new time-payment agreement to include the transfer.

This rule also applies to customers who change service locations, and who applied for the new service within 20 days of closing the prior account (thereby retaining customer status).

**DISCONNECTION OF WATER SERVICE**

Rule 27: Voluntary Discontinuance (OAR 860-036-0210)

Except for emergencies, customers who (for any reason) wish to have service discontinued shall provide the Utility at least five business-days' advance notice of the requested to discontinue service. The customer is responsible to identify the date of disconnection and for all service rendered until the Utility receives the customer's notice and the service is discontinued on the requested date.

Rates are based on continuous service. Disconnect and reconnect transactions do not relieve a customer from the obligation to pay the base rate or minimum charge that accumulates during the period of time the service is voluntarily disconnected for up to 12 months. Should the customer wish to recommence service within 12 months at the same premise, the customer will be required to pay the accumulated minimum monthly charge or base rate as if service had been continuous. The reconnection charge listed on the Miscellaneous Service Charges Schedule will be applicable at the time of reconnection.

Rule 28: Emergency Disconnection (OAR 860-036-0215)

Issue Date / Filing Date		Effective for Service on or after	January 1, 2014
Issued By Utility			

Advice No. \_\_\_\_\_  
(FOR PUC USE ONLY)

PUC Oregon No. 2

Original Sheet No. 15

~~Old Sheep Ranch Water Association~~

The Utility may terminate service in emergencies when life or property is endangered without following the procedures set forth in OAR 860-036-0245. Immediately thereafter, the Utility will notify the customer and the Commission. When the emergency termination was through no fault of the customer, the utility shall not charge the customer for disconnection or restoration of service.

Rule 29: Disconnection of Water Service Charge for Cause (OAR 860-036-0205 and 0245)

When a customer fails to comply with the Utility's rules and regulations, or permits a bill or charge for regulated services to become delinquent (except for nonpayment of a time-payment agreement), the Utility shall give at least five business days' written notice before water service may be shut off. The notice shall state:

- A. The reason(s) for the proposed disconnection;
- B. The earliest date for disconnection;
- C. The amount to be paid to avoid disconnection;
- D. An explanation of the time-payment provision of OAR 860-036-0125;
- E. Information regarding the Commission's dispute resolution process; and
- F. The Commission's Consumer Services toll-free number, 1-800-522-2404.

Prior to disconnection on the day that the Utility intends to disconnect service, the Utility must make a good-faith effort to physically contact the customer to be disconnected or an adult at the customer's premise to be disconnected to advise the customer or adult of the proposed disconnection. If contact is not made, the Utility shall leave a notice in a conspicuous place at the customer's premise informing the customer that service has been or is about to be disconnected. The Utility shall document its efforts to contact the customer or an adult at the premises and make that documentation available to the customer upon request.

Service shall not be shut off for non-emergencies on a Friday or the day of a state- or Utility-recognized holiday or the day prior to such holiday. (OAR 860-036-0220) The Utility shall not disconnect residential service due to the failure to pay or meet obligations associated with nonresidential service. (OAR 860-036-0225)

Residential customers who are notified of pending disconnection may choose between two Time Payment Agreement options. The Utility will offer such customers a choice of a levelized-payment plan and an equal-pay arrearage plan. A Utility and customer may mutually agree to an alternate payment arrangement provided it be in writing and signed by all parties.

Issue Date / Filing Date		Effective for Service on or after	January 1, 2014
Issued By Utility			

Advice No. \_\_\_\_\_  
(FOR PUC USE ONLY)

~~Old Sheep Ranch Water Association~~

Disconnection for Failure to Comply With a Time Payment Agreement

A time-payment agreement disconnection occurs when a customer fails to comply with the terms of a written time-payment agreement between the customer and the Utility, or the Utility permits a time-payment agreement charge to become delinquent. The Utility shall give the customer a 15-day' written notice and a 5-business day written notice before the water service may be disconnected.

Rule 30: Disconnection and Reconnection of Water Service and Field Visit Charge

Disconnection Charge

When service was disconnected pursuant to OAR 860-036-0245 or OAR 860-036-0250, the water utility may charge the disconnect fee stated in its tariff.

Reconnection Charge

Service must be reconnected after the customer or applicant has requested reconnection, paid all applicable charges, provided necessary credit information, and satisfied all requirements for service when service was disconnected pursuant to OAR 860-036-0245 or OAR 860-036-0250, the water utility may charge the reconnection fee stated in its tariff.

Field Visit Charge

A water utility may assess a field visit charge whenever the water utility visits a residential service address intending to reconnect or disconnect service, but due to customer action, the water utility is unable to complete the reconnection or disconnection at the time of the visit. The field visit charge must be either filed in its tariffs or included in its statement of rates, whichever is applicable.

A field visit charge may not be assessed to a customer for delivery of any disconnect notice when the Utility has a viable address (es) for the customer. If a Utility delivers a disconnect notice, it is responsible to document its efforts to send the disconnect charge by mail and demonstrate to the Commission the reasonableness of delivering any disconnect notice to the customer's residence.

Rule 31: Unauthorized Restoration of Service

After the water has been disconnected or shut off at the curb stop or at the meter, if any person not authorized by the Utility should turn it on, the water service line may be disconnected without notice. Service shall not be reconnected until all arrearages; all cost-of-service disconnection and reconnection, charges listed on the Miscellaneous Service Charges Schedule are paid in full.

Rule 32: Unauthorized Use

No person shall be allowed to make connection to the Utility mains, or to make any alteration to service connections, or to turn a curb stop off or on to any premises without written permission of the Utility. Meter tampering, diverting service, or any other unauthorized use of service will automatically cause a

disconnection of the water service and may result in meter removal. All applicable fees, costs of disconnection and reconnection, past-due billings, and service charges listed on the Miscellaneous Service Charges Schedule must be paid in full before any service is restored. An advance deposit for restoration of service may be required.

Rule 33: Interruption of Service (OAR 860-036-0075)

The Utility shall have the right to shut off the water supply temporarily for repairs and other necessary purposes. The Utility shall use all reasonable and practicable measures to notify affected customers in advance of such discontinuance of service except in the case of emergency repairs. The Utility shall not be liable for any inconvenience suffered by the customer or damage to the customer's property arising from such discontinuance of service.

The Utility shall keep a record of all service interruptions affecting its whole system or a major section thereof, including the time and date of interruption, duration, and cause or purpose of interruption.

Rule 34: Water Supply/Usage Restrictions (OAR 860-036-0325)

The Utility shall exercise due diligence to furnish a continuous and adequate supply of water to its customers. If water restrictions are necessary to equitably apportion its available water supply among its customers with due regard to public health and safety, the Utility shall provide written notification to its customers and the Commission including:

- A. Reason for the restriction;
- B. Nature and extent of the restriction;
- C. Effective date of the restriction; and
- D. Probable date of termination of such restriction.

Rule 35: Damages/Tampering

Should damage result to any of the Utility's property from molesting or willful neglect by the customer to a meter or meter box located in the customer's building, the Utility will repair or replace such equipment and will bill the customer for the costs incurred.

**SERVICE QUALITY**

Rule 36: System Maintenance (OAR 860-036-0305)

The Utility shall have and maintain its entire plant, distribution system, and hydrants in such condition that it will furnish safe, adequate, and reasonable continuous service. The Utility shall inspect its facilities in

~~Old Sheep Ranch Water Association~~

such manner and with such frequency as may be necessary to ensure a reasonably complete knowledge of its condition and adequacy at all times.

The Utility shall keep such records of all routine maintenance as considered necessary for the proper maintenance of its system, including regular flushing schedules, exercising of valves, and valve inspections.

Rule 37: Trouble Call.

The trouble-call charge listed on the Miscellaneous Service Charges Schedule may be billed whenever a customer requests that the Utility visit the customer's premises to remedy a service problem and the problem is due to the customer's facilities.

Rule 38: Water Purity (OAR 860-036-0310)

The Utility shall deliver water for domestic purposes free from bodily injurious physical elements and disease-producing bacteria and shall cause such tests to be made and precautions taken as will ensure the constant purity of its supply. The Utility shall keep a record of all water quality tests, results, monitoring, and reports.

The Utility shall deliver domestic water that is reasonably free from elements that cause physical damage to customer property such as pipes, valves, appliances, and personal property. A water supply that causes such damage will be remedied until the conditions are such as to not reasonably justify the necessary investment.

Rule 39: Water Pressure (OAR 860-036-0315)

Each water Utility shall maintain pressure at a minimum of 20 pounds per square inch (psi) for health reasons to each customer at all times. The 20 psi standard is not presumed to be adequate service and do not restrict the authority of the Commission to require improvements where water pressure or flow is inadequate.

In general, 40 psi of water pressure in the water mains is usually adequate for the purposes of this rule. However, adequate pressure may vary depending on each individual water system and customers' circumstances. In the case of a dispute, the Commission will determine the appropriate water pressure for the water utility.

~~Old Sheep Ranch Water Association~~

Rule 40: Pressure Surveys (OAR 860-036-0320)

The Utility shall have a permanently placed pressure gauge located on a main that is representative of the system's pressure. A portable gauge in good working condition shall be available for checking pressure conditions in any part of the distribution area.

Rule 41: Customer-Requested Pressure Test (OAR 860-036-0320)

Upon customer request, the Utility will perform a water pressure test within 20 working days of the request. The first pressure test in any 12-month period shall be at no charge. If the customer requests more than one pressure test within any 12-month period, a deposit to recover the reasonable cost of the additional test may be required of the customer. The deposit shall be returned if the pressure test indicates less than 20 psi. The customer or designated representative has the right to be present at the pressure test, and said test shall be conducted at a mutually agreeable time. For metered service, the pressure will be tested at a point adjacent to the meter on the customer's service line.

For non-metered service, the pressure will be tested at the customer's service line or hose bibb or other reasonable point likely to best reflect the actual service pressure.

Rule 42: Maps/Records (OAR 860-036-0335)

The Utility shall keep on file current maps and records of the entire plant showing size, location, character, and date of installation of major plant items, including shut-off valves.

Rule 43: Utility Line Location (One Call Program) (OAR 860-036-0345)

The Utility and its customers will comply with the requirements of OAR 952-001-0010 through and including OAR 952-001-0090 (One Call Program) regarding identification and notification of underground facilities.

Rule 44: Cross Connection/Backflow Prevention Program

The Utility will comply with the rules and regulations for the Cross Connection/Backflow Prevention Program, as provided for in ORS Chapter 333 and the Utility's approved Backflow Prevention
