SUBJECT: NORTHWEST NATURAL: (Docket No. UM 1101(11)) Requests
Reauthorization for Deferred Accounting of Intervenor Funding Grants.

STAFF RECOMMENDATION:

I recommend the Commission approve Northwest Natural's (NWN or Company) request for reauthorization to defer costs related to Intervenor Funding Grants effective July 1, 2014.

DISCUSSION:

Pursuant to ORS 757.259 and OAR 860-027-0300, NWN requests reauthorization to record and defer for a 12-month period beginning July 1, 2014, the cost of intervenor funding grants as allowed under ORS 757.072.

Deferral of these costs was originally granted by the Commission in Order No. 03-559 and has been annually reauthorized, most recently in Order No. 13-248.

Summary Background

In its Order No. 03-388, the Commission approved an Intervenor Funding Agreement (IFA) between various utilities including NWN, and several intervenors including the Citizens' Utility Board of Oregon (CUB), and Northwest Industrial Gas Users (NWIGU). The IFA sets forth the funding amount each utility will contribute, the procedures for an intervenor's budget submittal, Commission approval of a budget, and a utility's grant payment. It authorizes three funds with different qualification requirements for each. They are the CUB Fund, the Preauthorized Matching Fund, and the Issue Fund.

The IFA also requires the cost allocation of each fund to the appropriate customer class. The CUB fund is generated from residential rates, and industrial customers' rates include an increment to support the Preauthorized Matching Fund (Matching Fund). The Commission allocates amounts related to the Issue Fund to align the costs of advocacy with the intended beneficiaries of the advocacy.

In its subsequent Order No. 07-564, the Commission approved an amended and restated IFA that extended intervenor funding until December 31, 2012.

Most recently, by Order No. 12-452, the Commission approved an amended and restated IFA that extends intervenor funding until December 31, 2017. This IFA also provides authority for intervenors to request an increase in annual funding.

Reason for Deferral

In accordance with OAR 860-027-0300(4)(b), the Company requests continuation of deferred accounting to recover amounts approved pursuant to Order No. 12-452.

Proposed Accounting

Amounts are to be debited to deferred accounts only as the utility disburses funding to a qualifying intervenor. The proposed deferrals will be recorded in separate subaccounts of FERC Account 186. The Company would not normally incur the cost of intervenor funding grants without deferral approval. However, if such costs were incurred they would be recorded in FERC Account 401.

In accordance with OAR 860-027-0300(4)(a) NWN provided the following information regarding the deferral activity to the date of this application, for the current period.

Staff Analysis

As the Company’s application meets the requirements of ORS 757.259 and OAR 860-027-0300, and the reason for the deferral is still valid, I recommend the Commission approve NWN’s application.

PROPOSED COMMISSION MOTION:

NWN’s application to defer the costs associated with intervenor funding grants for the 12-month period, beginning July 1, 2014, be approved.
