

**BEFORE THE PUBLIC UTILITY COMMISSION
OF OREGON**

UE 313

In the Matter of

PACIFICORP, dba PACIFIC POWER,

Renewable Resource Deferral Supply Service
Adjustment, Schedule 203.

ORDER

DISPOSITION: NEW PROCEDURE ADOPTED GIVEN REVISED
EFFECTIVE DATE

This order memorializes our decision to revise the procedure we adopted at the December 6, 2016 Regular Public Meeting to address this filing. At that meeting, we took no action on Staff's recommendation to allow Advice No. 16-011, filed by PacifiCorp, dba Pacific Power, to go into effect December 7, 2016. Instead, we accepted PacifiCorp's offer to extend the effective date of this filing to allow the presentation of additional analysis at the December 20, 2016 Regular Public Meeting. We also ordered that comments related to a concern raised by the Northwest and Intermountain Power Producers Coalition (NIPPC) and Noble Americas Energy Solutions LLC be filed by December 13, 2016.

Following that Regular Public Meeting, counsel for PacifiCorp notified the Commission that the company was willing to further extend the effective date until January 25, 2017. Counsel explained that the company determined it had additional time to meet certain deadlines set as condition precedents to contracts related to this filing.

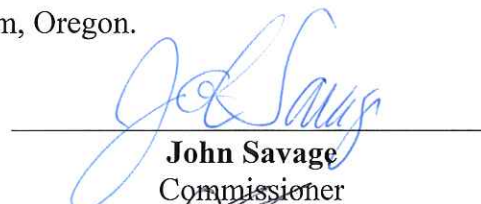

Given this new information, we revisited this matter at our December 6, 2016 Administrative Issues Meeting. At that meeting, we agreed to accept PacifiCorp's offer to extend the effective date for this filing to allow us to address it at our January 24, 2017 Regular Public Meeting. We also extended the deadline for comments to be filed on the issue raised by NIPPC and Noble Solutions until December 30, 2016.

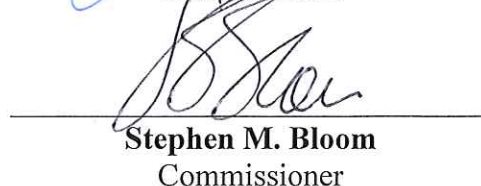

Dated this 7 day of December, 2016, at Salem, Oregon.
