ORDER NO. 18 333

ITEM NO. CA8

PUBLIC UTILITY COMMISSION OF OREGON
STAFF REPORT
PUBLIC MEETING DATE: September 11, 2018

REGULAR _____ CONSENT X EFFECTIVE DATE November 1, 2018

DATE: September 4, 2018

TO: Public Utility Commission

FROM: Mitchell Moore *MPM*

THROUGH: *EP* Jason Eisdorfer and *EP* John Crider

SUBJECT: AVISTA UTILITIES: (Docket No. UM 1356(11)) Requests reauthorization to defer Intervenor Funding Grants.

STAFF RECOMMENDATION:

Staff recommends the Commission approve Avista Corporation dba Avista Utilities' (Avista or Company) request for reauthorization to defer costs related to Intervenor funding grants effective November 1, 2018.

DISCUSSION:

Issue

Whether the Commission should approve Avista's request for reauthorization to record and defer costs related to Intervenor funding grants effective November 1, 2018.

Applicable Law

This request is made pursuant to ORS 757.259(3) and OAR 860-027-0300, which allows a deferral of expenses provided as financial assistance under an agreement entered into under ORS 757.072 for later incorporation in rates.

ORS 757.072 is the statute that authorizes a utility to enter funding agreements with organizations that represent broad customer interests in Commission proceedings. Once a funding agreement is approved by the Commission, organizations eligible to receive grants under the funding agreement are identified pursuant to OAR 860-001-0120. When a public utility provides financial assistance under a funding agreement,

ORS 757.072(4) states that the Commission must allow a public utility to defer inclusion of the funding provided in rates as provided in ORS 757.259.

A deferral may be authorized under ORS 757.259(2) for a period not to exceed 12 months beginning on or after the date of application.

OAR 860-027-0300 specifies the required contents of an application for deferred accounting, including a description of the expense or revenue for which deferral is requested, the basis for the request, the accounts proposed for recording the amounts to be deferred, an estimate of the amounts to be recorded in the deferred account, and a copy of the notice of the application for deferred accounting.

Deferral of these costs was originally granted by the Commission in Order No. 08-015 and has been annually reauthorized, most recently by Order No. 17-399.

Discussion and Analysis

Background:

In its Order No. 03-388, the Commission approved an Intervenor Funding Agreement (IFA) between various utilities including Avista, and several Intervenors including the Citizens' Utility Board of Oregon (CUB), and Northwest Industrial Gas Users (NWIGU). The IFA sets forth the funding amount each utility will contribute, the procedures for an Intervenor's budget submittal, Commission approval of a budget, and a utility's grant payment. It authorizes three funds with different qualification requirements for each. They are the CUB Fund, the Preauthorized Matching Fund, and the Issue Fund.

The IFA also requires the cost allocation of each fund to the appropriate customer class. The CUB fund is generated from residential rates, and industrial customers' rates include an increment to support the Preauthorized Matching Fund (Matching Fund). The Commission allocates amounts related to the Issue Fund to align the costs of advocacy with the intended beneficiaries of the advocacy.

Most recently, by Order No. 18-017, the Commission approved an amended and restated IFA that extends Intervenor funding through December 2022. This IFA also provides authority for Intervenors to request an increase in annual funding.

The IFA sets forth the funding amount to be contributed by each utility, the procedures for budget submittals by Intervenors, Commission approval of budgets, and the payment of grants by utilities. It authorizes three funds with different qualification requirements for each. They are the CUB Fund, the Preauthorized Matching Fund, and the Issue Fund.

The Commission allocates amounts related to the Issue Fund to align the costs of advocacy with the intended beneficiaries of the advocacy.

Reason for Deferral:

In accordance with OAR 860-027-0300(4)(b), the Company requests continuation of deferred accounting to recover amounts approved pursuant to ORS 757.072 and Order No. 18-017.

Proposed Accounting:

Amounts are to be debited to deferred accounts only as the utility disburses funding to a qualifying Intervenor. The proposed funding grant deferrals would be recorded in separate subaccounts of FERC Account 191. Absent the Commission's authorization of deferred accounting, the Company would incur the cost of an Intervenor funding grant.

Current Deferral Activity:

In accordance with OAR 860-027-0300(4)(a), Avista provided the following information regarding the deferral activity to the date of this application. Avista will seek recovery of these deferred amounts concurrent with its upcoming purchased gas cost adjustment filing.

Information Related to Future Amortization:

- Earnings Review – Pursuant to Commission Order 18-017, Appendix A, page 28, paragraph 7.9:

If a Participating Public Utility seeks rate recovery through a deferred account, the account and amortization of the account shall be exempt from the amortization caps and earnings test set forth in subsections 5,6,7,8 and 10 of ORS 757.259, as such subsections may be amended from time to time, and shall not be included in any calculation of the amortization cap for other deferred accounts.

- Prudence Review – For amortization, the prudence review should be limited to verification of the accounting methodology used to determine the final amortization balance.
- Sharing – This deferral is not subject to a sharing mechanism.
- Rate Spread/Design – Account balances are to be spread to the appropriate customer classes per Order No. 18-017, Appendix A, page 27, paragraph 7.7(b).

Conclusion

As the Company's application meets the requirements of ORS 757.259 and OAR 860-027-0300, and the reason for the deferral is still valid, Staff recommends the Commission approve Avista's application.

PROPOSED COMMISSION MOTION:

Approve Avista's application to defer the costs associated with Intervenor funding grants for the 12-month period, beginning November 1, 2018.
