In the Matter of

PORTLAND GENERAL ELECTRIC
COMPANY,

Request for a General Rate Revision.

ORDER

**DISPOSITION: AMENDED PROPOSED BUDGET FOR ISSUE FUND GRANT
APPROVED**

In Order No. 21-276, the Commission approved the Alliance of Western Energy Consumers' (AWEC's) proposed budget of \$40,000 for this proceeding. On November 15, 2021, AWEC filed an amended proposed budget for an Issue Fund Grant in the proceeding. In Order No. 21-432, the Commission approved the AWEC's amended proposed budget of \$70,000 for this proceeding.

On April 25, 2022, AWEC filed a second amended proposed budget for an Issue Fund Grant in the proceeding. AWEC's second amended proposed budget shows eligible expenses in the amount of \$142,500; and it seeks an Issue Fund Grant in the amount of \$114,000 from the Portland General Electric Company (PGE) Issue Funds, with the \$44,000 increase from the 2022 PGE Issue Fund. In support of its request, AWEC states that there is good cause to support approving this amended budget to account for increased expenses incurred for the case, including litigation associated with the deferral of Boardman costs, and the complexity of the issues in the case.

The Fourth Amended and Restated Intervenor Funding Agreement (IFA), approved by the Commission in Order No. 18-017, provides that precertified intervenors must submit a proposed issue fund budget to the Commission that contains, at a minimum, the following information:

- 1) A statement of the work to be performed;
- 2) A description of the areas to be investigated;
- 3) A description of the particular customer class(es) that will benefit from the intervenor's participation;
- 4) Identification of the specific fund accounts from which the intervenor is seeking monies and an estimate of the amount of available funds in that account;
- 5) A budget showing estimated attorney, consultant and expert witness fees, which may include the cost for appropriate support staff and operations support; and

- 6) A representation that the intervenor will use matching funds in the form of either in-house resources or outside funding to account for or pay at least 20 percent of the eligible expenses for which the intervenor is seeking an Issue Fund Grant.

Once a proposed budget is received, the Commission decides whether Issue Fund Grants are available for use based on factors identified in the IFA. The Commission has the authority to accept, deny, or partially deny the request, and may place reasonable conditions on the grant.

As noted in Order No. 21-276, AWEC is precertified to receive Issue Fund Grants. AWEC's initial and amended proposed budgets include the requisite information and reflect the current schedule adopted in this docket.

In light of the issues being addressed, the complexity of the issues and the significant policy decisions to be made, the Commission believes that AWEC's second amended proposed budget is reasonable and should be approved.
