

**BEFORE THE PUBLIC UTILITY COMMISSION
OF OREGON**

UM 2211

In the Matter of

PUBLIC UTILITY COMMISSION OF
OREGON,

Implementation of House Bill 2475.

ORDER

**DISPOSITION: MOTION TO DESIGNATE PROCEEDING AS ELIGIBLE FOR
HB 2475 FUNDS GRANTED, PROPOSED BUDGET FOR HB 2475
GRANT APPROVED**

On July 28, 2022, Community Action Partnership of Oregon (CAPO) filed a notice of participation and request for House Bill (HB) 2475 funding and a proposed budget in docket UM 2211. No response to the filing was made. CAPO's proposed budget shows eligible expenses of \$16,100, and it seeks an HB 2475 Funding Grant of \$16,100. I grant the requests of CAPO, and its proposed budget is approved.

The Commission Approved Form of Interim Funding Agreement in Order No. 22-043 defines "Eligible Dockets" as a proceeding before the Commission to review:

1. Non-complaint contested cases, rulemakings, and non-contested dockets that affect the applicable utility and its low-income residential customers and environmental justice communities,
2. Named, non-docketed Commission led processes addressing issues that affect the applicable utility and its low-income residential customers and environmental justice communities, or
3. An Integrated Resource Plan.

Investor-owned utilities (IOUs) Portland General Electric Company (PGE); PacifiCorp, dba Pacific Power; Northwest Natural Gas Company (NW Natural); Avista Corporation, dba Avista Utilities; Idaho Power Company, and Cascade Natural Gas Company are directly affected by docket UM 2211. This docket involves the

implementation of HB 2475, and CAPO claims this proceeding will directly impact the IOUs and the energy burdened low-income customers CAPO represents throughout the state.

CAPO asserts that it is eligible for funding pursuant to Commission Order No. 22-043. CAPO advocates for energy assistance programs that benefit low-income residential customers and environmental justice communities, including seniors, people with disabilities, people of color, and other historically marginalized groups with disproportionately high energy burdens, many of which may be affected by the rule revisions.

I agree that CAPO qualifies as an eligible organization under Order No. 22-043. I find that docket UM 2211 qualifies as an eligible proceeding because the proceeding is anticipated to have a substantial impact on CAPO's low-income residential and environmental justice community clients serviced by IOUs in Oregon as it implements the directives of HB 2475.¹ Accordingly, the motion should be granted and this docket certified as an eligible proceeding.

The Interim Agreements for HB 2475 Intervenor Funding, approved by the Commission in Order No. 22-043, provides that pre-certified intervenors must submit a proposed HB 2475 Grant Funds budget to the Commission that contains, at a minimum, the following information:

1. A statement of work to be performed by the Recipient for which the Recipient is seeking funding;
2. A description of the areas to be investigated and addressed by Recipient;
3. A budget showing estimated attorney fees, which may include the cost for appropriate support staff and operational support; and
4. A budget showing estimated consultant fees and expert witness fees, which may include the cost for appropriate support staff and operational support.

Once a proposed budget is received, the Commission decides whether HB 2475 Grant Funds are available for use based on factors identified in the Interim Agreements for HB 2475 Intervenor Funding. The Commission has the authority to accept, deny, or partially deny the request, and may place reasonable conditions on the grant, and may

¹ In its funding request, CAPO references PacifiCorp's Advice No. 22-008 and ADV 1412; NW Natural's Advice No. 22-02, and ADV 1390; Avista Corporation's Advice No. 22-03-G, and ADV 1410; Cascade Natural Gas' Advice No. 22-06-01, UG 437 and ADV 1409; PGE Advice No. 22-01 and ADV 1365; and future Idaho Power filings under Docket UM 2211.

delegate this responsibility to the Chief Administrative Law Judge, consistent with Order No. 21-213.

CAPO's proposed budget includes the requisite information and reflects the current schedule adopted in these dockets.

In light of the issues being addressed, the complexity of the issues and the significant policy decisions to be made, CAPO's proposed budget is reasonable and should be approved.
