

**BEFORE THE PUBLIC UTILITY COMMISSION
OF OREGON**

UM 2322

In the Matter of

PILOT ROCK SOLAR 1, LLC, an Oregon limited liability company; PILOT ROCK SOLAR 2, LLC, an Oregon limited liability company; TUTUILLA SOLAR, LLC, an Oregon limited liability company; BUCKAROO SOLAR 1, LLC, an Oregon limited liability company; and BUCKAROO SOLAR 2, LLC; an Oregon limited liability company;

Complainants,

vs.

PACIFICORP, dba PACIFIC POWER, an Oregon corporation,

Defendant,

Pursuant to ORS 756.500.

ORDER

DISPOSITION: MOTION FOR INTERIM RELIEF GRANTED IN PART.

On April 4, 2024, Pilot Rock Solar 1, LLC *et al.* (the Sunthurst Projects) filed a complaint against PacifiCorp, dba Pacific Power. Accompanying the Sunthurst Projects' complaint was a motion for interim relief and preliminary injunction. The Sunthurst Projects state that they bring dispute under Section 8.10 of the Commission's form contracts. They also state that PacifiCorp has informed them that their interconnection agreements could be terminated as soon as April 7, 2024, if they do not pay certain disputed amounts. The Sunthurst Projects thus ask for interim relief preventing PacifiCorp from terminating the interconnection agreements during the pendency of this case.

We grant interim relief to the Sunthurst Projects for a period of 30 days, for the purpose of providing time for the Commission to receive a reply from PacifiCorp and to review the motion for interim relief and preliminary injunction in full on its merits. PacifiCorp is ordered not to terminate the Sunthurst Projects' interconnection agreements until such time as the Commission issues a ruling or order on the initial motion, whichever shall occur first.

Made, entered, and effective Apr 05 2024.
