

ORDER NO. 25-275

ENTERED Jul 22 2025

**BEFORE THE PUBLIC UTILITY COMMISSION
OF OREGON**

UM 1789(8)

In the Matter of

PORTLAND GENERAL ELECTRIC
COMPANY,

Application for Reauthorization to Defer
Revenues and Costs Related to the
Portland Harbor Environmental
Remediation Account, Schedule 149.

ORDER

DISPOSITION: STAFF'S RECOMMENDATION ADOPTED

At its public meeting on July 22, 2025, the Public Utility Commission of Oregon adopted Staff's recommendation in this matter. The Staff Report with the recommendation is attached as Appendix A.

BY THE COMMISSION:

Alison Lackey

Chief Administrative Law Judge

A party may request rehearing or reconsideration of this order under ORS 756.561. A request for rehearing or reconsideration must be filed with the Commission within 60 days of the date of service of this order. The request must comply with the requirements in OAR 860-001-0720. A copy of the request must also be served on each party to the proceedings as provided in OAR 860-001-0180(2). A party may appeal this order by filing a petition for review with the Circuit Court for Marion County in compliance with ORS 183.484.

ITEM NO. CA5

**PUBLIC UTILITY COMMISSION OF OREGON
STAFF REPORT
PUBLIC MEETING DATE: July 22, 2025**

REGULAR _____ CONSENT X EFFECTIVE DATE _____ N/A _____

DATE: July 9, 2025

TO: Public Utility Commission

FROM: Mitchell Moore

THROUGH: Scott Gibbens and Matt Muldoon **SIGNED**

SUBJECT: PORTLAND GENERAL ELECTRIC:
(Docket No. UM 1789(8))
Reauthorization to Defer Revenues and Costs Related to the Portland Harbor Environmental Remediation Account.

STAFF RECOMMENDATION:

Approve Portland General Electric Company's (PGE or Company) application for reauthorization of deferred accounting of revenues and expenses related to the Portland Harbor Environmental Remediation Account (PHERA) for the 12-month period of July 20, 2024 through July 19, 2025.

DISCUSSION:

Issue

Whether the Commission should approve PGE's application for reauthorization of deferred accounting for costs and revenues related to the PHERA balancing account.

Applicable Law

Under ORS 757.259 the Commission may authorize the deferral of utility revenues and expenses for later inclusion in rates. Specific amounts eligible for deferred accounting treatment with interest authorized by the Commission include:

Identifiable utility expenses or revenues, the recovery or refund of which the commission finds should be deferred in order to minimize the frequency of rate changes or the fluctuation of rate levels or to match appropriately the costs borne by and benefits received by ratepayers.

Docket No. UM 1789(8)
July 9, 2025
Page 2

ORS 757.259(2)(e).

Under ORS 757.259(4) authority to defer may not exceed a period of 12 months. Amounts deferred under ORS 757.259 are allowed in rates only to the extent authorized by the Commission in a proceeding under ORS 757.210 to change rates and upon a prudence review and review of the utility's earnings. ORS 757.259(5). The Commission may require that amortization of deferred amounts be subject to refund.

In OAR 860-027-0300(3), the Commission has set forth the requirements for the contents of deferred accounting applications.

The PHERA cost recovery mechanism, which includes a deferral of costs and revenues and the Company's corresponding Schedule 149, were first approved by the Commission in Order No. 17-071.

In Order No. 17-071, the Commission determined that costs and revenues associated with environmental remediation and restoration activities in the Portland Harbor Superfund site would be reviewed annually for prudence prior to being transferred to a balancing account whereby costs would be offset by certain revenues and subsequently eligible for recovery through an amortization schedule. To determine whether a cost was prudently incurred and recoverable in rates, "the Commission examines the objective reasonableness of a company's actions measured at the time the company acted."

The Commission also specified in Order No. 17-071 that interest may accrue on deferred accounts at the authorized rate of return until amounts were deemed prudent by the Commission and transferred to the PHERA balancing account where interest then accrues at the average of the five-year US Treasury rate plus 100 basis points (PURE Rate).

Analysis

Background

In Commission Order No. 17-071, the Commission approved the PHERA, a cost recovery mechanism (Schedule 149) that tracks and records costs and revenues associated with PGE's liability for environmental remediation and restoration in the Portland Harbor and Downtown Reach sites located in and along the Willamette River, as well as Harborton Restoration Project Development Costs. The mechanism tracks costs and revenues in the Annual Account. A prudence review is performed on the deferred amounts annually. Prudently incurred costs and revenues are transferred to the Balancing Account for recovery over a period of time according to the principles established in Order No. 17-071.

Docket No. UM 1789(8)
July 9, 2025
Page 3

The PHERA deferral was most recently reauthorized by the Commission in Order No. 23-490, which authorized a 12-month deferral effective July 20, 2023.

Description of Expense

The expenses and revenues covered under this deferral involve construction, environmental permitting and design, legal expenses caused by pursuing historical insurers, Schedule 149 tariff revenues, insurance proceeds, and DSAY¹ revenues net of Harborton Restoration Project development costs.

Reason for Deferral

With this filing made on July 19, 2024, PGE requests continuation of deferred accounting to recover amounts associated with its environmental cleanup and remediation liability that was approved in Order No. 17-071. Staff agrees that this deferral will minimize the frequency of rate changes and more appropriately match the costs borne by, and the benefits received by, ratepayers consistent with the grounds for authorizing a deferral under ORS 757.259(2)(e).

Proposed Accounting

PGE proposes to continue to record deferred amounts accrued or incurred into the following regulatory asset account on the balance sheet:

182.3001 – Other Regulatory Assets – Portland Harbor Environmental Costs

182.3001 – Other Regulatory Assets – Natural Resource Damages

182.3001 – Other Regulatory Assets – Environmental Administrative and Legal

Estimated Deferrals in Authorization Period

PGE estimates the deferred amount to be approximately \$2.6 million for the requested deferral period of July 20, 2024, through July 19, 2025.

Information Related to Future Amortization

- Earnings Review – A portion of the costs included in the PHERA may be subject to an earnings test as specified in Order No. 17-071, Appendix A.
- Prudence Review – Commission Order No. 17-071 specifies that an annual prudence review of costs and revenues in the PHERA will be conducted by Staff before being transferred to the balancing account for amortization.

¹ Discount Service Acre Year is a unity of measurement for Natural Resource Damages. DSAY units to be produced by Harborton Restoration Project. See UM 1789, Staff Reply Testimony, Staff/100, Moore/7-17.

Docket No. UM 1789(8)
July 9, 2025
Page 4

- Sharing – Costs and revenues are not subject to a sharing mechanism, except those amounts above the earnings threshold set forth in Order No. 17-071, Appendix A.
- Rate Spread/Design – Pursuant to Schedule 149 Special Condition 5, functionalized costs recoverable through Schedule 149 will be allocated to each rate schedule according to relative use of generation, distribution, and transmission service.

Conclusion

Staff concludes that PGE's application to re-authorize deferral of the costs and revenues related to the PHERA for the July 20, 2024, through July 19, 2025, period is consistent with ORS 757.259 and Commission Order No. 17-071 and recommends that it be approved. The Company has reviewed this memo and agrees with its contents.

PROPOSED COMMISSION MOTION:

Approve PGE's application for reauthorization of deferred accounting of revenues and expenses related to the Portland Harbor Environmental Remediation Account for the 12-month period of July 20, 2024 through July 19, 2025.
