WARM Program.

ORDER

DISPOSITION: TIMELINE SPECIFIED IN ORDER NO. 16-223 AMENDED

On September 12, 2025, Northwest Natural Gas Company, dba NW Natural, filed a motion requesting to amend Order No. 16-223. Order No. 16-223 established a November 1 effective date for the annual amortization in rates of NW Natural's Weather-Adjusted Rate Mechanism (WARM) deferrals. NW Natural requests to change the effective date in Order No. 16-223 from "November 1" to "October 31." NW Natural explains that the requested change is intended to address House Bill (HB) 3179 (2025), which would amend ORS 757.210(7) to state "[a]ny increase in residential rates may not take effect from November 1 to March 31." NW Natural states that it seeks to permanently modify the effective date to align with the recently changed effective date of its annual Purchased Gas Cost rate adjustment filing and ensure these rate adjustments can be implemented on October 31 going forward. No party filed an objection to the company's request.

The Chief Administrative Law Judge has been delegated the authority to modify timelines specified in a Commission order.<sup>1</sup> I find good cause to amend Order No. 16-223, to modify the effective date to address HB 3179, consistent with the amendment to the Purchased Gas Adjustment Guidelines in Order No. 25-308 entered in docket UM 1286, which amends the effective date of the Purchased Gas Adjustment to October 31.

Order No. 16-223 is amended to change the effective date for the annual amortization in rates of NW Natural's WARM deferrals from "November 1" to "October 31."
