ORDER

DISPOSITION: ISSUE FUND GRANT REQUEST APPROVED

On September 29, 2025, the Alliance for Western Energy Consumers (AWEC), formerly known as the Northwest Industrial Gas Users, filed a Request for Payment of its Issue Fund Grant from the 2025 Cascade Issue Fund. Section 7.3 of the Fifth Amended and Restated Intervenor Funding Agreement (Agreement), adopted by the Commission in Order No. 22-506, governs the procedures for payment of Issue Fund Grants. AWEC was precertified as the Northwest Industrial Gas Users to receive Issue Fund Grants on February 3, 2004, in Order No. 04-055.

AWEC asks for a final payment of \$16,676.40 from the 2025 Cascade Issue Fund. AWEC states that its expenses and costs were less than its estimated budget in this docket of \$20,000 and that with this final payment, AWEC releases the remainder of its Issue Fund Grant back into the Cascade Issue Fund. Under the Agreement, the Request for Payment must:

- 1) Itemize the expenses, payees and hourly rates of amount to be reimbursed;
- 2) Demonstrate that the expenses are reasonable and are directly attributable to issues and positions pursued on behalf of a particular customer class and consistent with the intervenor's proposed budget;
- 3) Provide information sufficient to show that the intervenor has complied with any conditions imposed on the Issue Fund Grant; and
- 4) Specify whether the request for payment is for a progress payment or a final payment and indicate whether any approved budget amount may be released back to the applicable Issue Fund.

Further, under the terms of Section 7.3 of the Agreement, AWEC must establish that it has “used in-house resources or outside funding to account for or pay at least 20% of the Eligible Expenses for the work to be performed in the proceeding for which the intervenor is seeking an Issue Fund Grant.” AWEC provided the required documentation in its request.

The Agreement provides that the Commission will make a determination in each proceeding as to how the participating utilities are to recover the funding grants from the various customer classes. Under Section 7.7(b), Issue Fund Grants should be allocated so as to fairly align the costs of the advocacy with the intended potential beneficiaries of the advocacy. The Commission has considered the intended beneficiaries, and finds that the issue fund expenditures should be allocated to Cascade’s industrial customers.

The Commission finds that AWEC has met the requirements of the Agreement, and its request should be approved. Section 7.8 of the Agreement provides that the utility must pay the Issue Fund Grant to the requesting intervenor within 30 days after receipt of the Commission directive.
