OF OREGON**

UE 451

In the Matter of

PACIFICORP, dba PACIFIC POWER,

2026 Renewable Adjustment Clause.

ORDER

DISPOSITION: APPLICATION FOR RECONSIDERATION DENIED

On February 6, 2026, PacifiCorp, dba Pacific Power, filed an application for reconsideration of Order No. 25-505 in these proceedings. PacifiCorp’s application asserts we should reconsider our conclusion in that PacifiCorp did not provide the requested economic analysis of the Gateway South transmission line project or alternatively provide PacifiCorp with additional explanation of our requested analysis. The company’s application also argues that Order No. 25-505 commits legal error by refusing to consider Gateway South in these proceedings.

Staff of the Public Utility Commission of Oregon and the Alliance of Western Energy Consumers submitted response briefs opposing PacifiCorp’s application.

IT IS ORDERED that PacifiCorp, dba Pacific Power’s application for reconsideration is denied.
