OF OREGON**

UM 2209

In the Matter of

IDAHO POWER COMPANY,

Wildfire Protection Plan.

ORDER

**DISPOSITION: CASE CERTIFICATION REQUEST GRANTED; PROPOSED
BUDGET APPROVED**

On January 14, 2026, Community Energy Project (CEP) filed a notice of intent to request Justice Funding Case Fund Grant consistent with Order No. 25-409 and OAR 860-001-0800 through OAR 860-001-0900. On March 10, 2026, CEP filed a supplement to its filing.

To be eligible for a Case Fund grant, an organization must:

- a. Demonstrate that it represents the interests of low-income residential customers or Environmental Justice Communities, and participation in proceedings will be primarily directed at public utility issues affecting those interests, including but not limited to interests in utility rates and terms and conditions of service, interests in the cost of access and impact from the delivery of services, interest in utility programs, and interest in utility resource planning;
- b. Indicate the particular Environmental Justice Community or low-income customers it represents and demonstrate that it is able to effectively represent them;
- c. Demonstrate that it is able to effectively represent or develop advocacy positions benefitting or informed by the Environmental Justice Community or low-income customers, in the service area of each utility for which funding is sought and demonstrates how it will identify the issues or advocacy positions that are important to them; and

- d. Where applicable, indicate where in past Commission matters the organization demonstrated the ability to substantively contribute to the record on behalf of such interests.

In its application, the organization must identify:

- a. The matter or matters in which the applicant intends to participate, the nature of that participation, and why these matters are Eligible Proceedings;
- b. The Participating Public Utility account or accounts from which the applicant seeks funds; and
- c. A budget showing estimated Eligible Expenses, which may include the cost for appropriate support staff and operational support; a budget showing estimated consultant fees, expert witness fees, or contractor costs, which also may include the cost for appropriate support staff and operational support.

The Commission may, but is not obligated to consider any of the following factors:

- a. The breadth and complexity of the issues or the importance of community participation;
- b. The degree to which any policy issues affect the interests of low-income residential customers or the interests of residential customers that are members of Environmental Justice Communities;
- c. The proposed budget;
- d. Whether the organization has significant ties to the Environmental Justice Community or low-income customers in the service area of each utility for which pre-certification or funding from a Case Fund is sought;
- e. The qualifications of the applicant and experience before the Commission; and
- f. The level of available funding available under the agreement.

CEP explained its prior engagement with communities in the Idaho Power Company service territory and its plans for continued outreach and engagement to inform its participation in this docket. In Order No. 25-534, this proceeding was certified as an eligible proceeding for case funds. No party objected to CEP's notice of intent or proposed scope of work.

CEP included a proposed budget for consideration upon being deemed eligible for Case Funds. CEP requests case funding in the amount of \$6,456. No party objected to CEP's certification request or contested its ability to represent Idaho Power Company customers. CEP requests a progress payment of 50 percent of its total request.

Docket UM 2209 was determined to qualify as an eligible proceeding in Order No. 25-534, because it is a Commission proceeding affecting a participating utility (Idaho Power Company), its customers, and environmental justice communities. I agree that CEP qualifies as an eligible organization under Order No. 25-409 and OAR 860-001-0840.

The Commission has the authority to accept, deny, or partially deny the request, and may place reasonable conditions on the grant, and may delegate this responsibility to the Chief Administrative Law Judge, consistent with Order No. 25-408.

CEP's proposed budget includes the requisite information and reflects the anticipated activity in this docket. No party opposed CEP's proposed budget. Considering the issues being addressed, the complexity of the issues and the significant policy decisions to be made, CEP's proposed budget is reasonable and should be approved.
