Pursuant to Section 252 (e) of the)
Telecommunications Act of 1996.)

DISPOSITION: SUPPLEMENTAL AGREEMENT APPROVED

On October 21, 1999, DSLnet Communications, LLC and GTE Northwest Incorporated filed with the Public Utility Commission of Oregon (Commission) a supplemental agreement to the interconnection agreement adoption approved by Commission Order No. 99-474. The supplemental agreement adds language regarding collocation. The parties seek approval of the supplemental agreement under Section 252(e)(1),(2) of the Telecommunications Act of 1996 (Act).

Under the Act, the Commission must approve or reject an agreement reached through voluntary negotiation within 90 days of filing. The Commission may reject an agreement only if it finds that:

- (1) the agreement (or portion thereof) discriminates against a telecommunications carrier not a party to the agreement; or
- (2) the implementation of such agreement or portion is not consistent with the public interest, convenience, and necessity.

The Commission provided notice of the request for approval and an opportunity to comment to a list of persons who have participated in arbitrations under the Act. Comments were filed by the PUC Staff.

Staff concluded that the supplemental agreement to the previously filed agreement does not appear to discriminate against telecommunications carriers who are not parties to the agreement and does not appear to be inconsistent with the public interest, convenience, and necessity.

OPINION

The Commission has reviewed the supplemental agreement to the previously approved agreement and the comments. We conclude that there is no basis under the Act to reject the supplemental agreement. No participant in the proceeding has requested that the supplemental agreement be rejected or has presented any reason for rejection. We conclude that the supplemental agreement should be approved.

CONCLUSIONS

1. There is no basis for finding that the supplemental agreement to the previously approved agreement discriminates against any telecommunications carrier not a party to the agreement.
2. There is no basis for finding that implementation of the supplemental agreement is not consistent with the public interest, convenience, and necessity.
3. The supplemental agreement should be approved.

ORDER

IT IS ORDERED that the supplemental agreement to the previously approved agreement between DSLnet Communications, LLC and GTE Northwest Incorporated is approved.
